Math Landing · Inspire · Page catalogue · NS3-0009

Unanswered page · Read the blocks

NS3-0009 · Catalogue preview · 2026-10-29

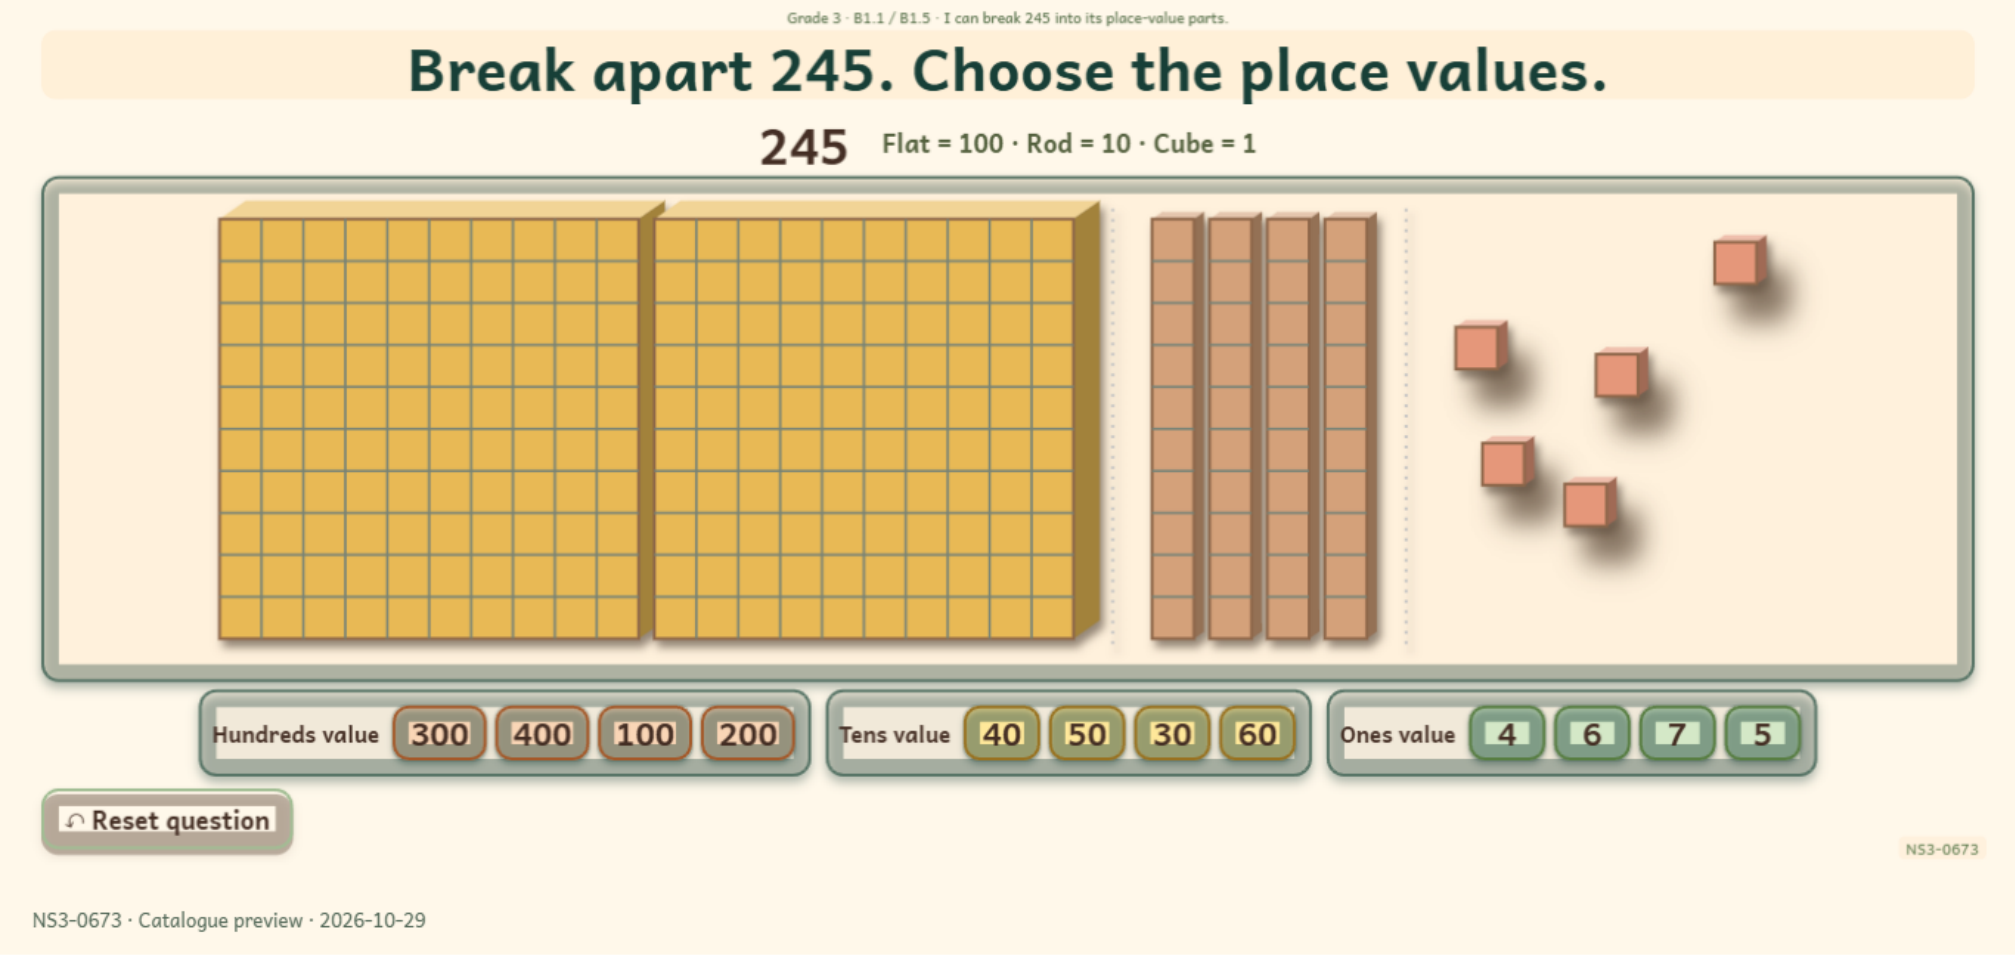

Part 1 · Question 1 · Curriculum: B1.1 / B1.5

B1.1: Represent and compose numbers through 1000; break them into useful parts. B1.5: Explain and model the value of each digit in a multidigit number.

Break Apart Numbers · 1

Math Landing · Inspire · Page catalogue · NS3-0673

Unanswered page · Break Apart Numbers · 1

Part 1 · Question 2 · Curriculum: B1.1 / B1.5

B1.1: Represent and compose numbers through 1000; break them into useful parts. B1.5: Explain and model the value of each digit in a multidigit number.

Combine and regroup

Back to index

Math Landing · Inspire · Page catalogue · OP3-0044

Unanswered page · Combine and regroup

OP3-0044 · Catalogue preview · 2026-10-29

Part 1 · Question 3 · Curriculum: B2.4 / B2.5

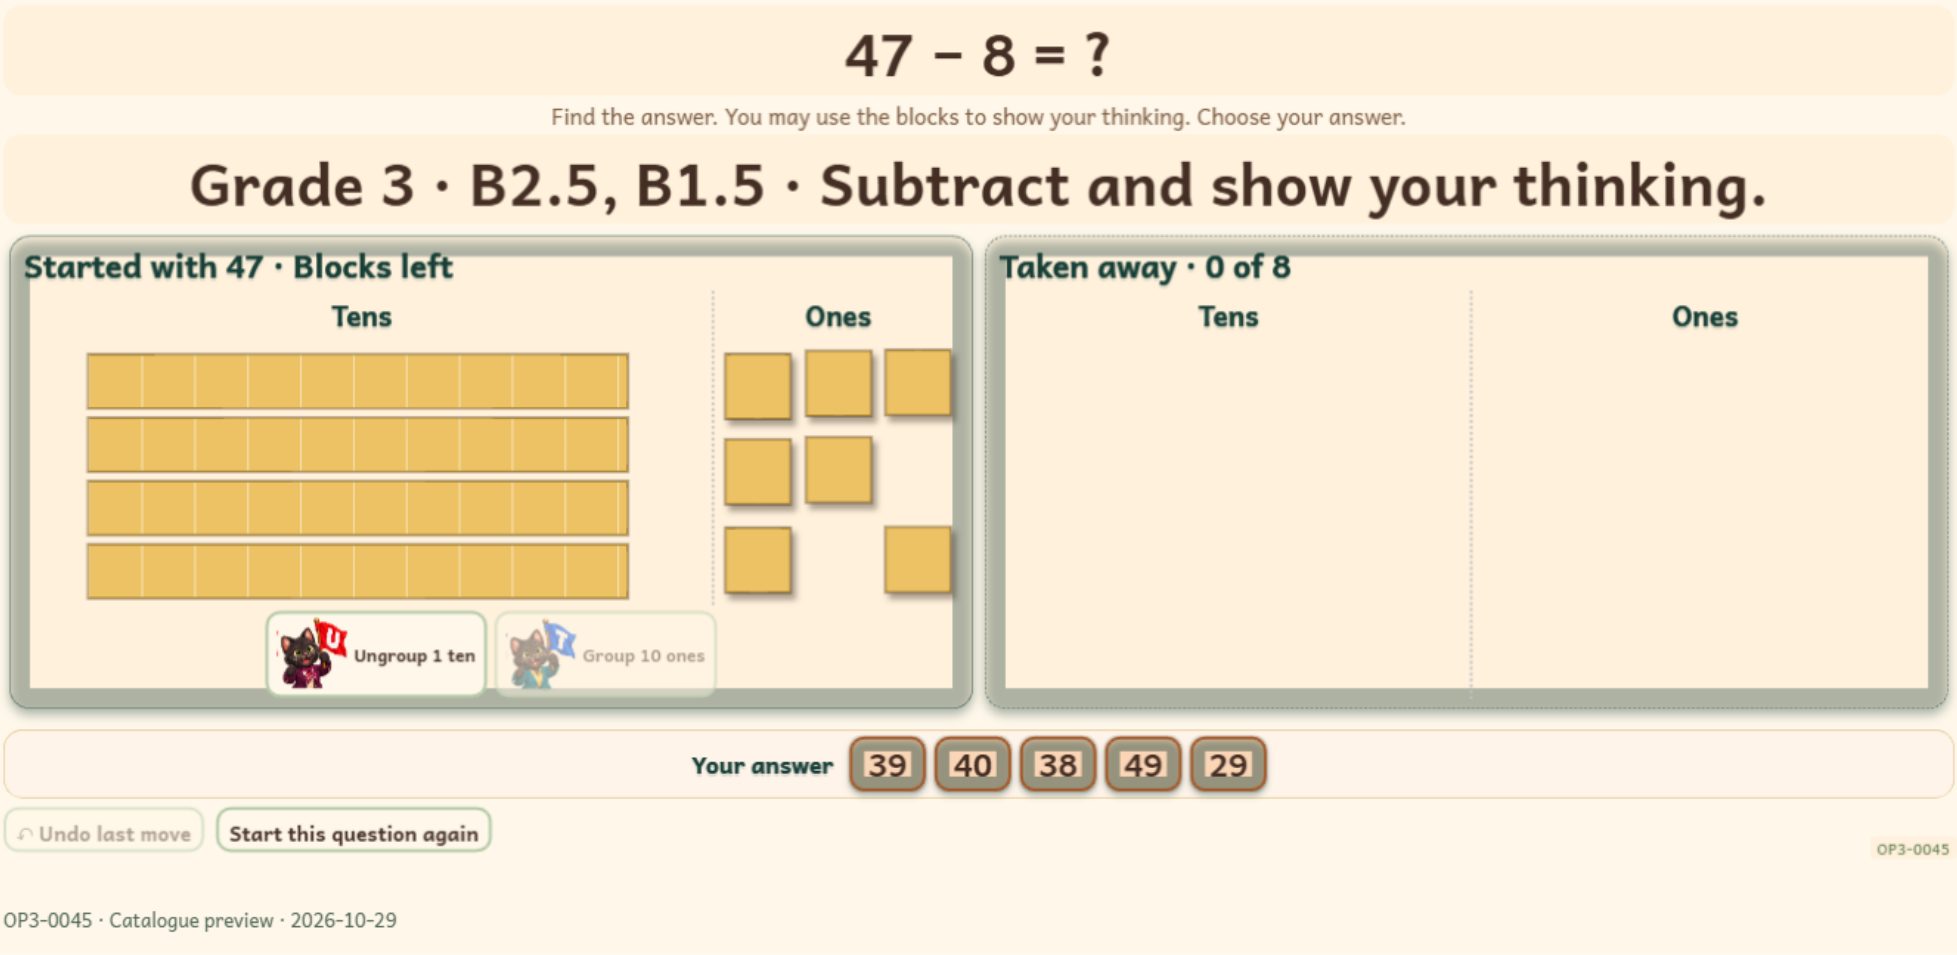

B2.4: Explain addition and subtraction algorithms by connecting them to tools and strategies. B2.5: Represent and solve whole-number addition and subtraction with totals within 1000.

Subtract the blocks

Back to index

Math Landing · Inspire · Page catalogue · OP3-0045

Unanswered page · Subtract the blocks

OP3-0045 · Catalogue preview · 2026-10-29

Part 1 · Question 4 · Curriculum: B2.5 / B1.5

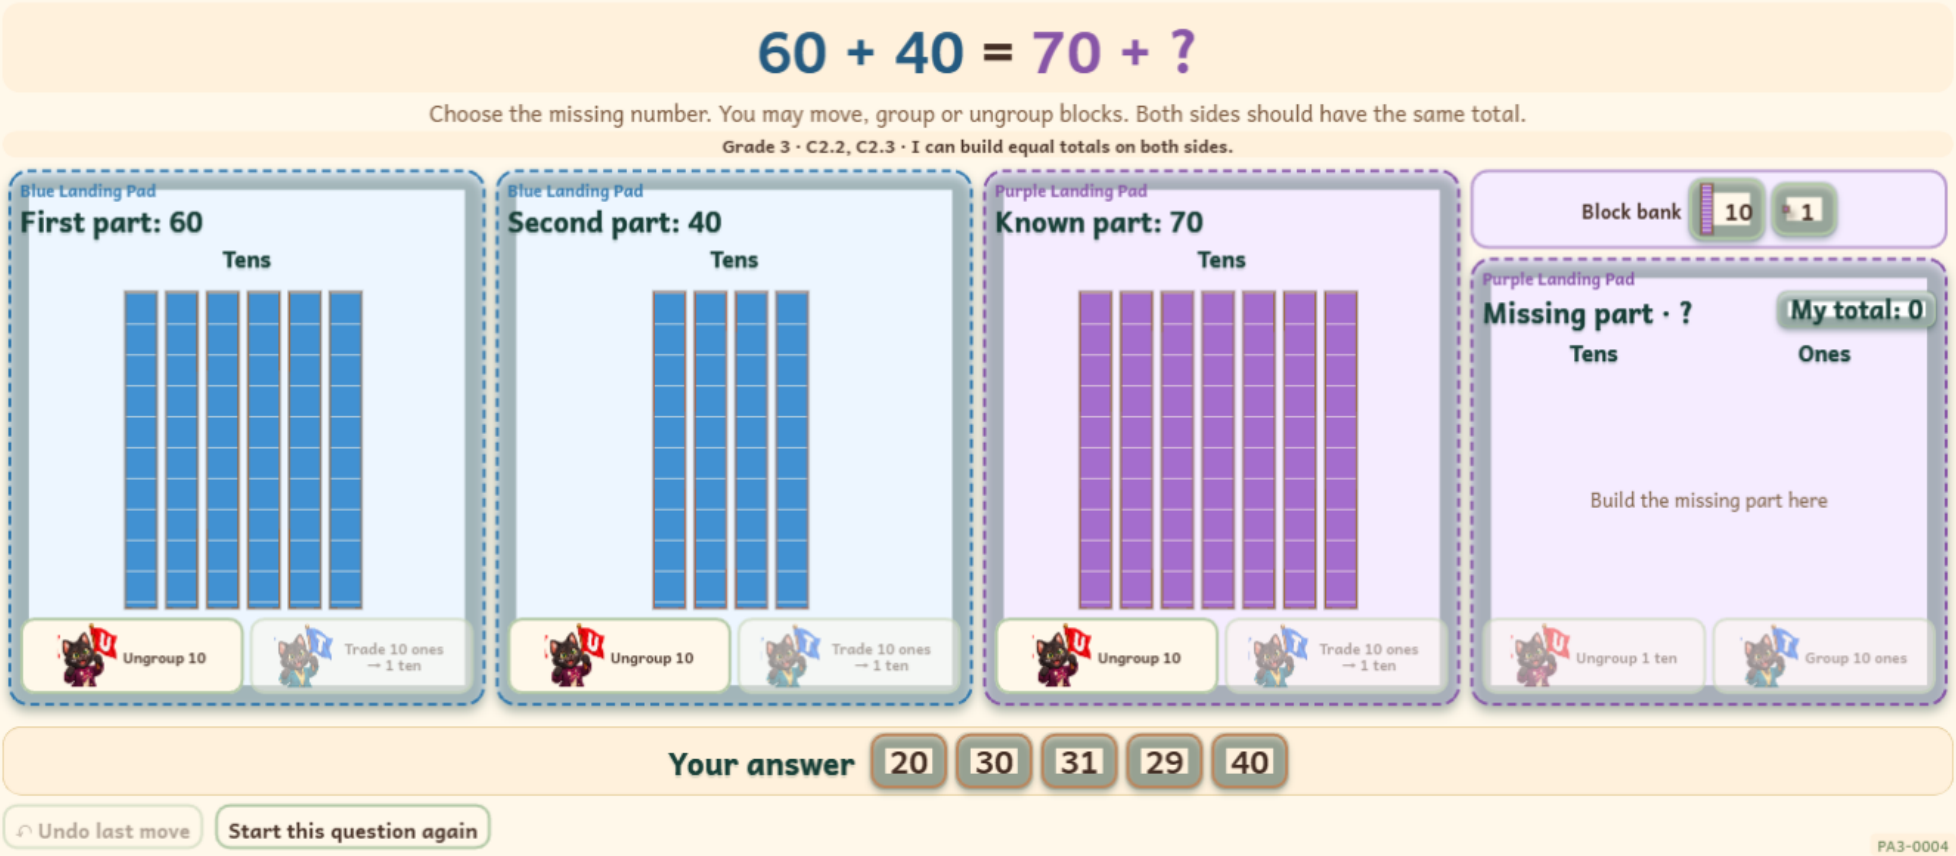

B2.5: Model and solve addition or subtraction situations with totals through 1000. B1.5: Explain and model the value of each digit in a multidigit number.

Build the missing number

Back to index

Math Landing · Inspire · Page catalogue · PA3-0004

Unanswered page · Build the missing number

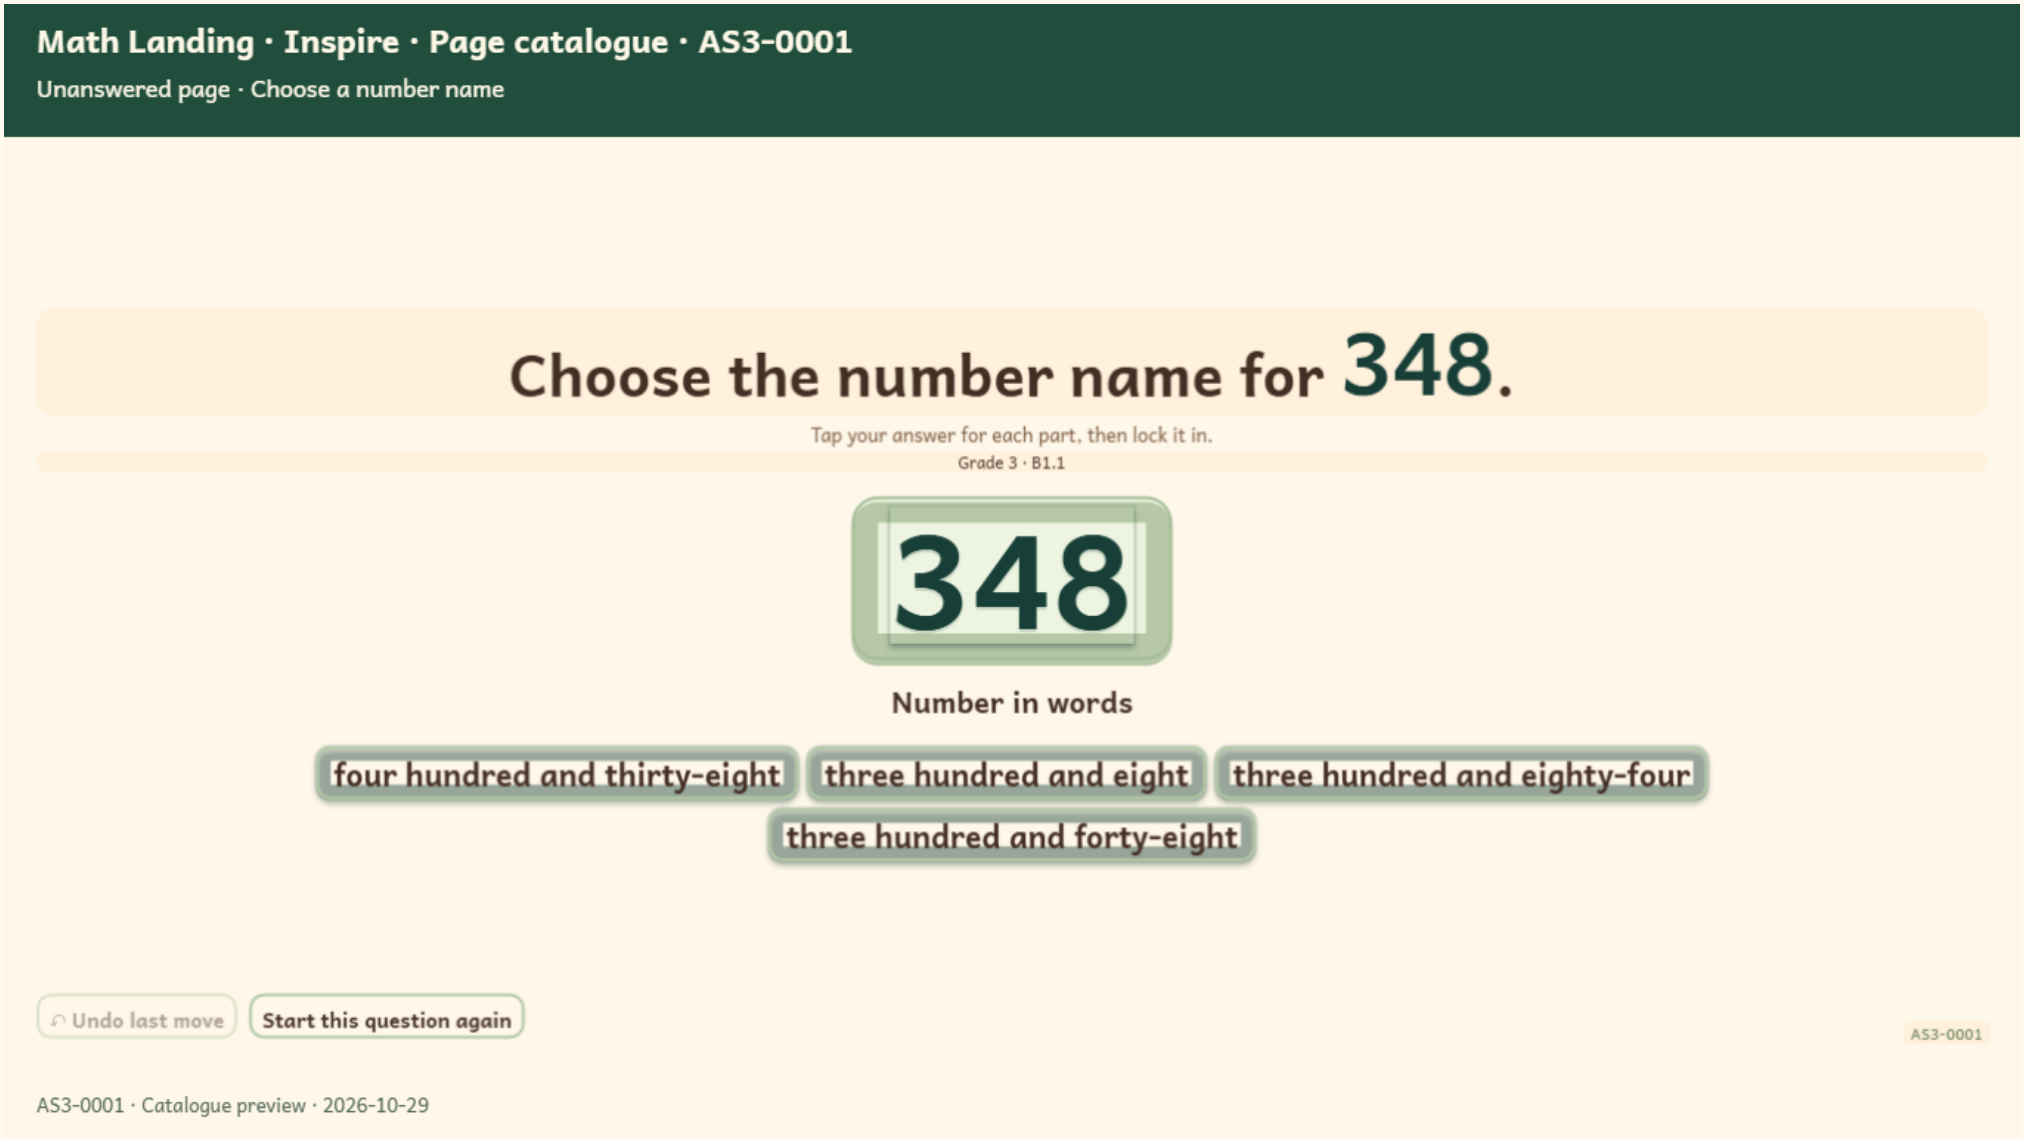

PA3-0004 · Catalogue preview · 2026-10-29

Part 1 · Question 5 · Curriculum: C2.2 / C2.3

C2.2: Determine whether sets of addition, subtraction, multiplication and division expressions are equivalent. C2.3: Identify and use equivalent whole-number relationships up to 1000 in different contexts.

Choose a number name

Back to index

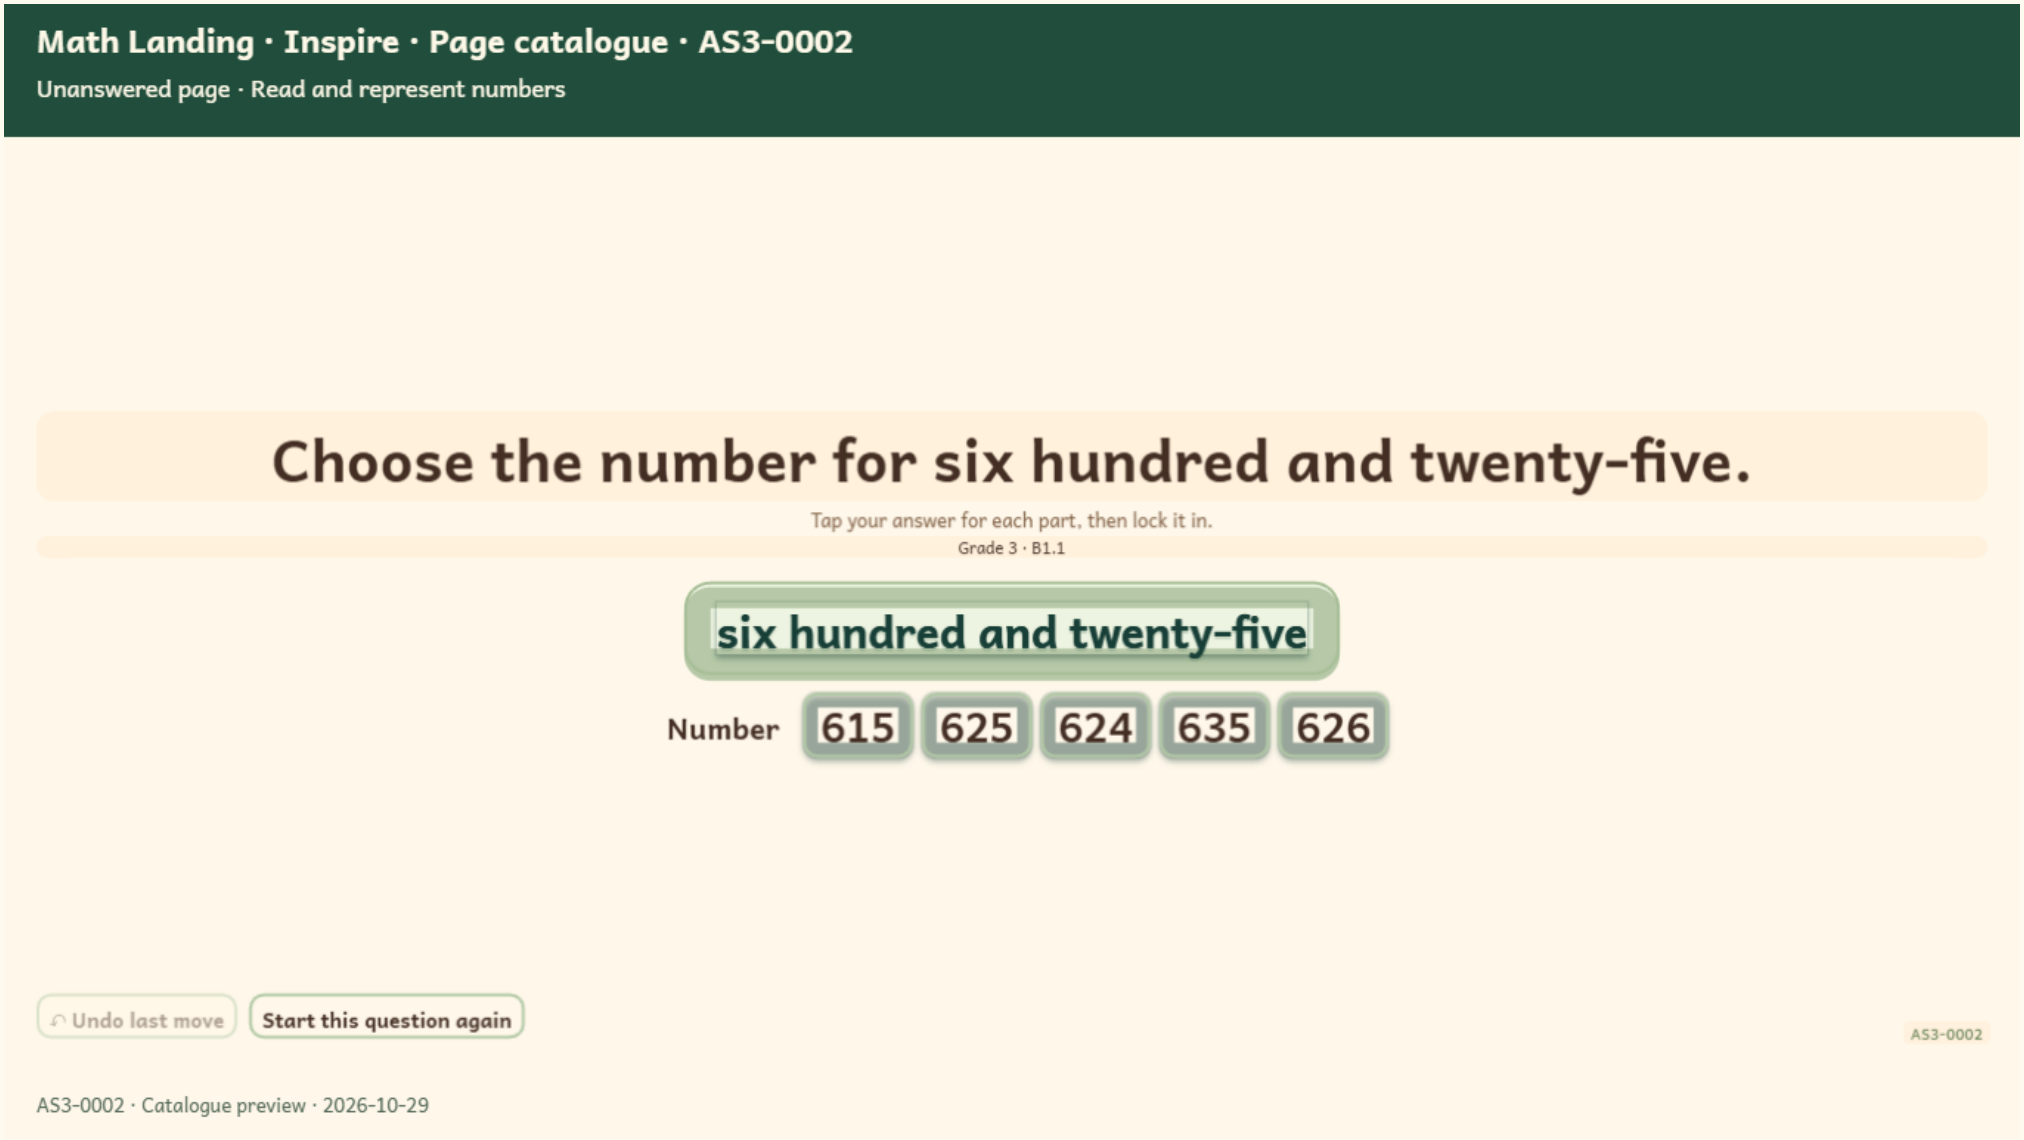

Part 1 · Question 6 · Curriculum: B1.1

B1.1: Read, represent, compose and decompose whole numbers through 1000.

Read and represent numbers

Back to index

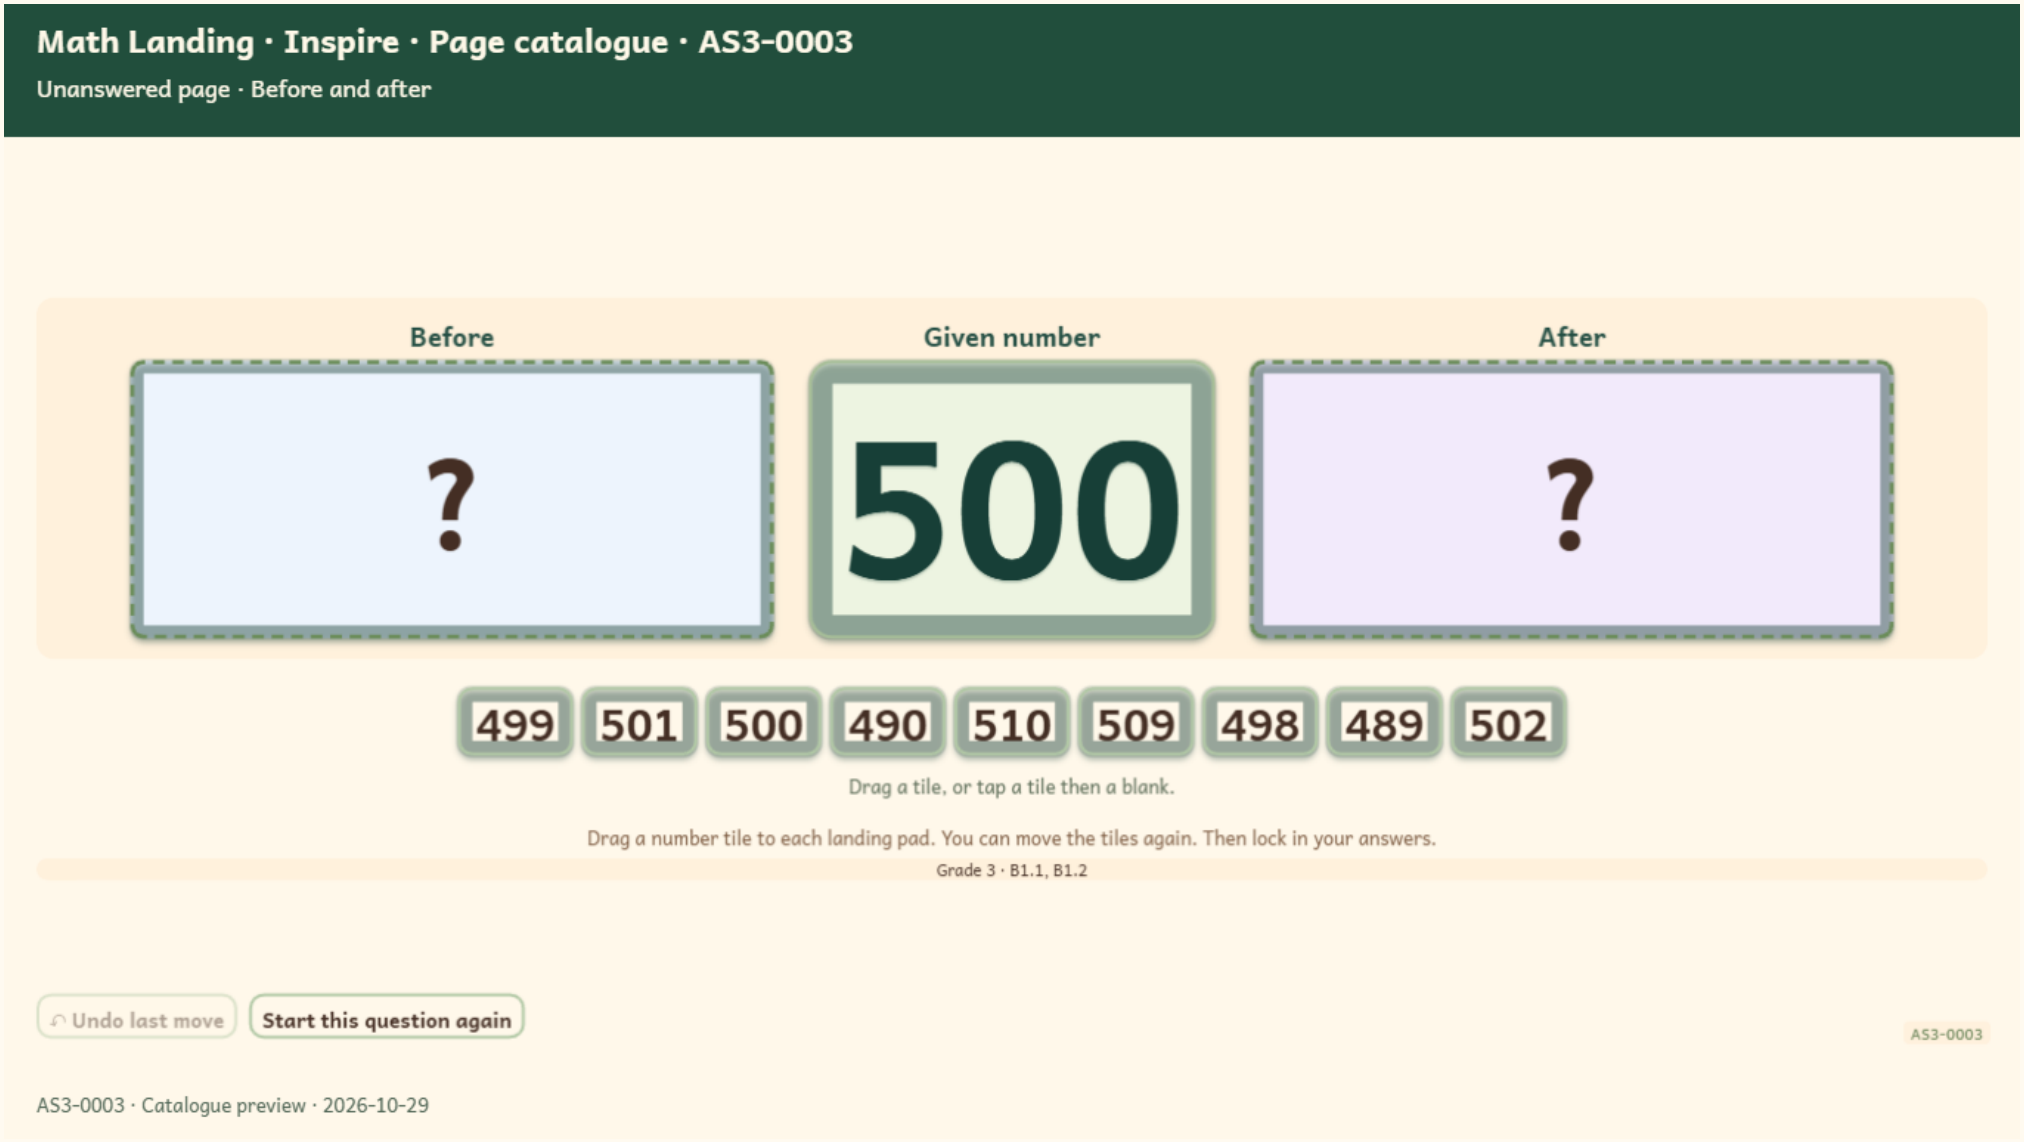

Part 1 · Question 7 · Curriculum: B1.1

B1.1: Read, represent, compose and decompose whole numbers through 1000.

Before and after

Back to index

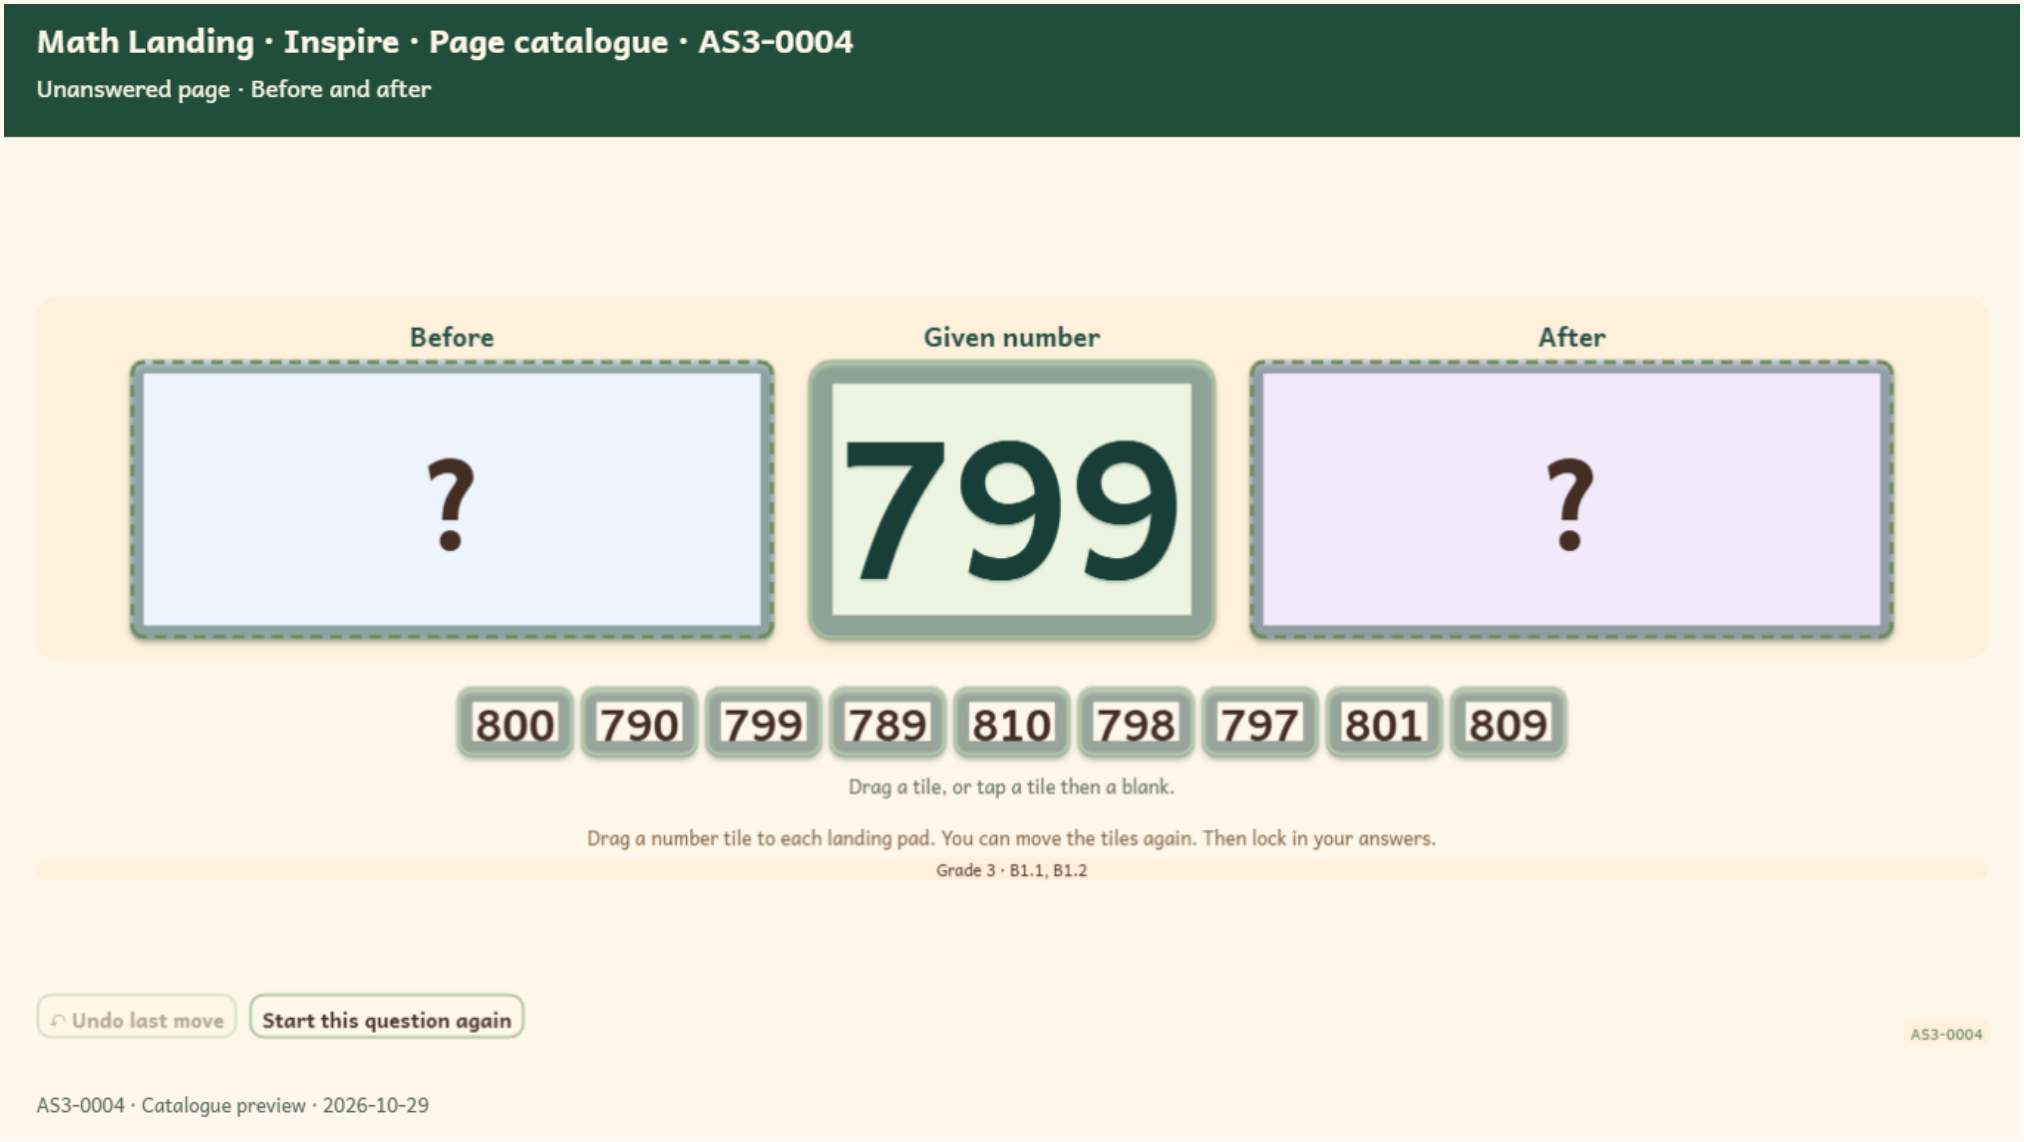

Part 1 · Question 8 · Curriculum: B1.1 / B1.2

B1.1: Read, represent, compose and decompose whole numbers through 1000. B1.2: Compare and order whole numbers through 1000.

Before and after

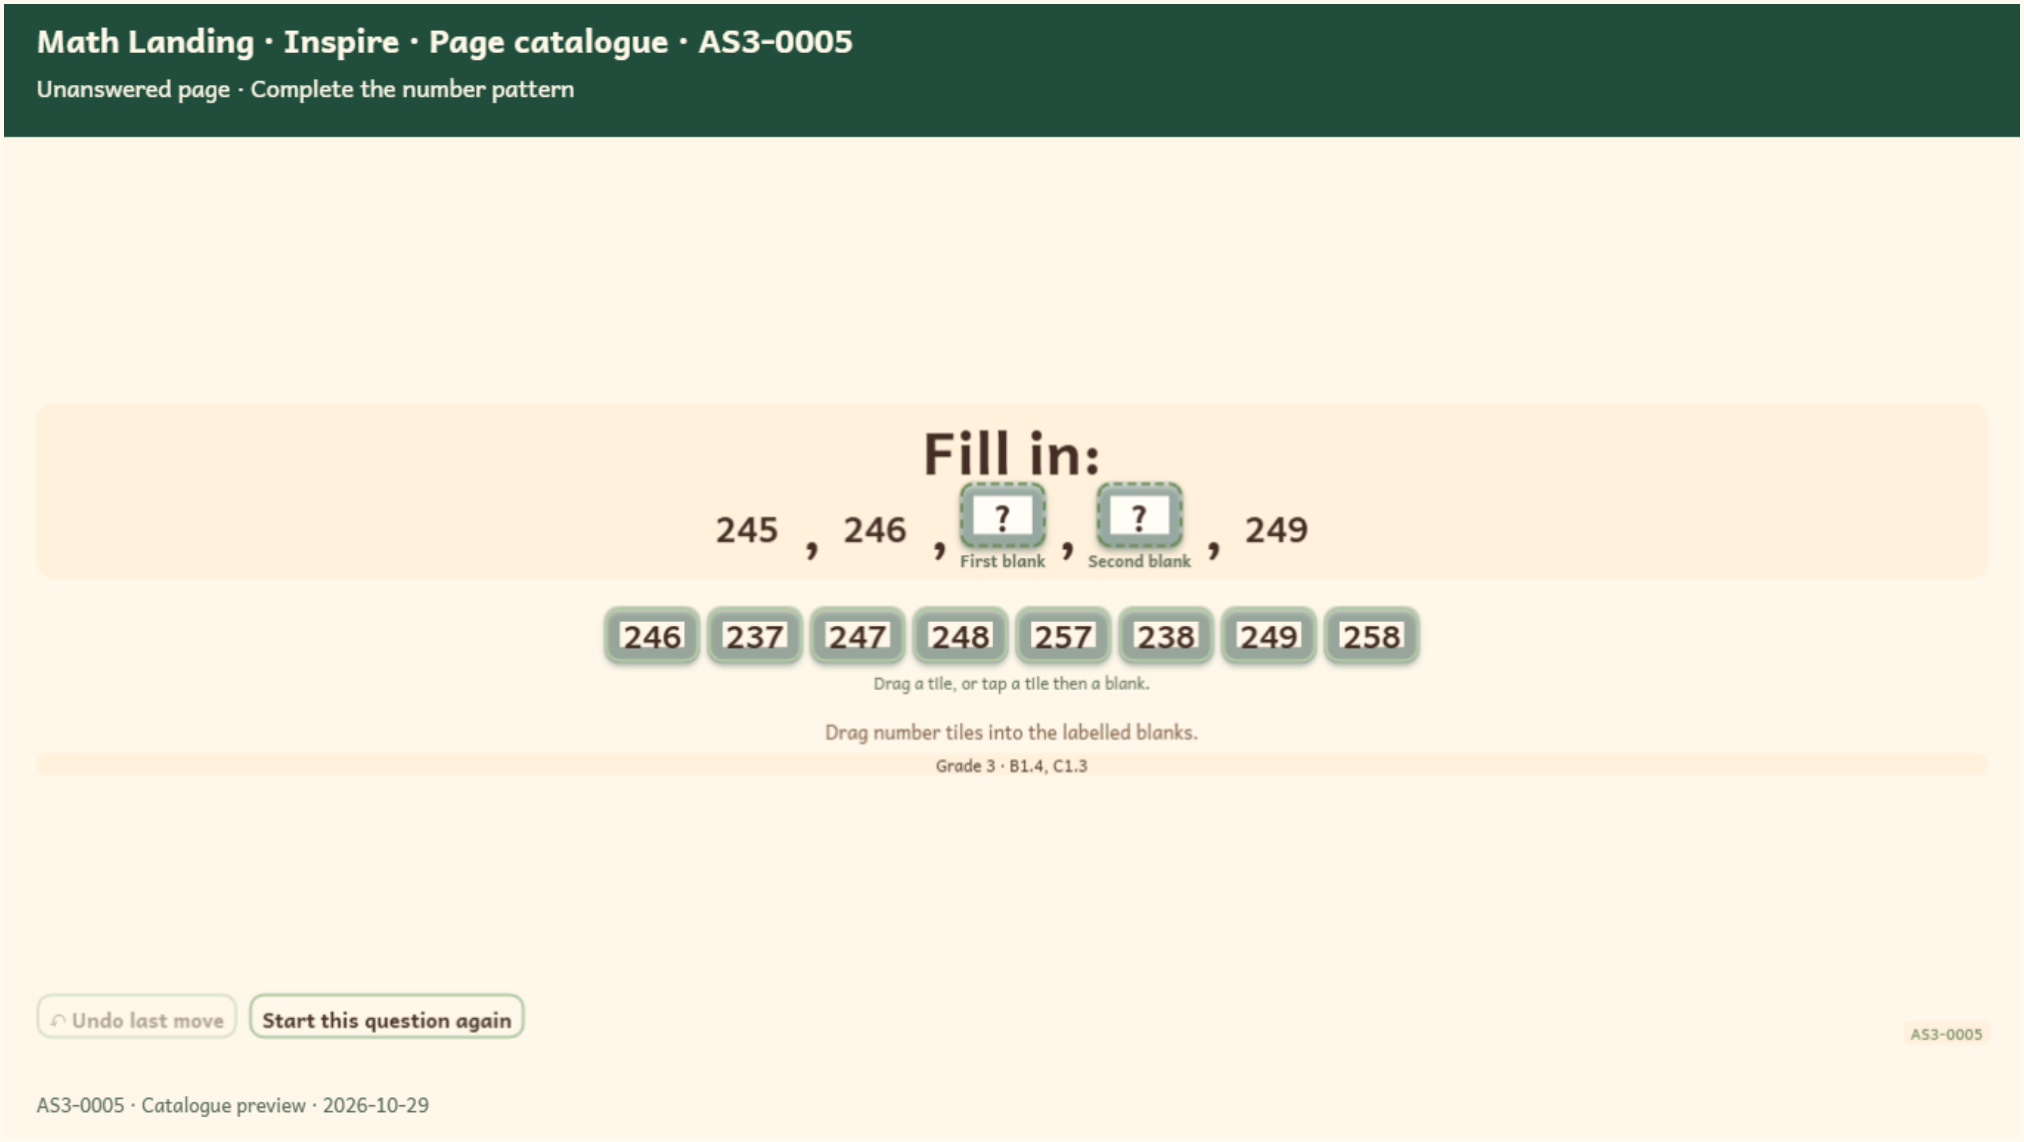

Back to index

Part 1 · Question 9 · Curriculum: B1.1 / B1.2

B1.1: Read, represent, compose and decompose whole numbers through 1000. B1.2: Compare and order whole numbers through 1000.

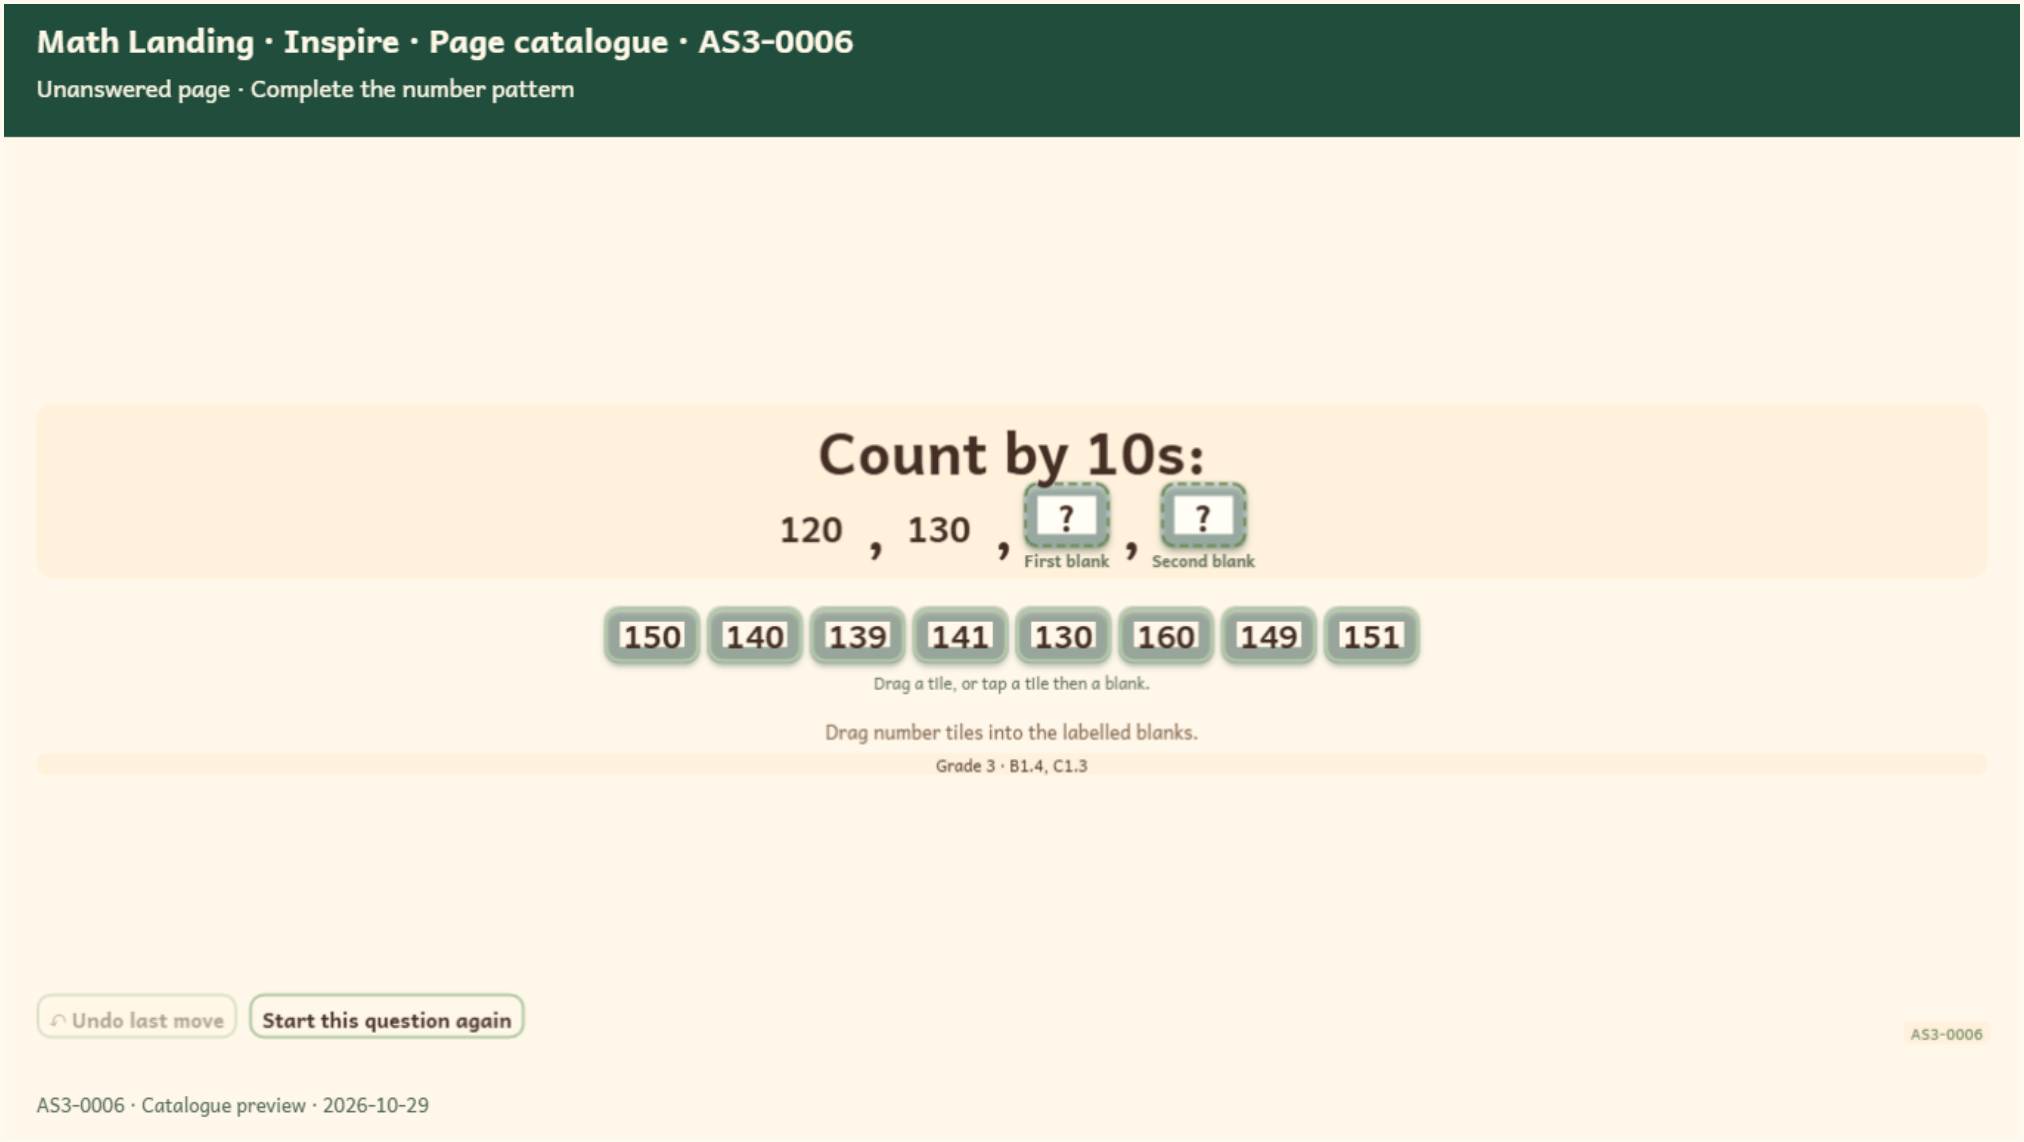

Complete the number pattern

Part 1 · Question 10 · Curriculum: B1.4 / C1.3

B1.4: Count through 1000 using tools and counting strategies. C1.3: Use a pattern rule to extend a pattern and identify missing elements.

Complete the number pattern

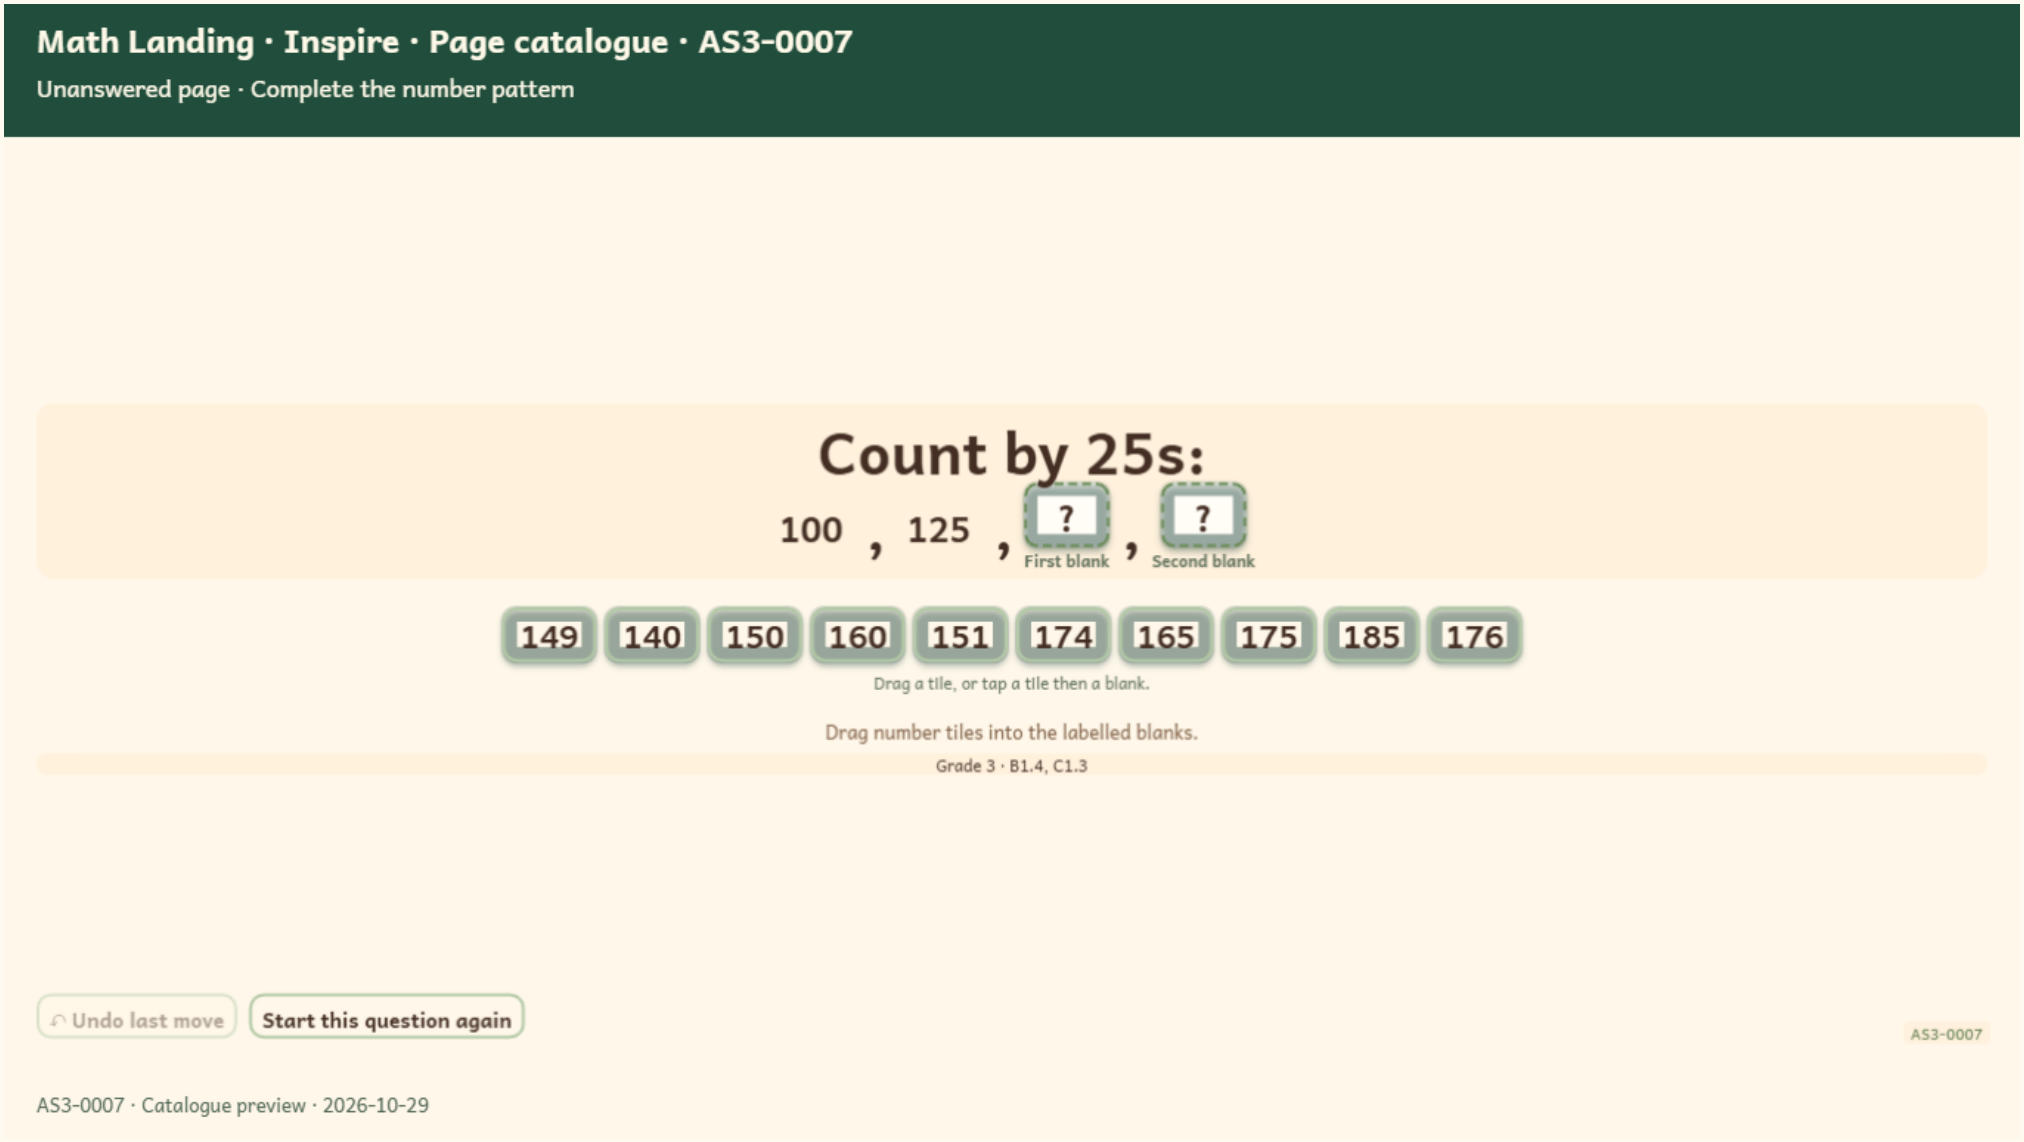

Part 1 · Question 11 · Curriculum: B1.4 / C1.3

B1.4: Count through 1000 using tools and counting strategies. C1.3: Use a pattern rule to extend a pattern and identify missing elements.

Complete the number pattern

Back to index

Part 1 · Question 12 · Curriculum: B1.4 / C1.3

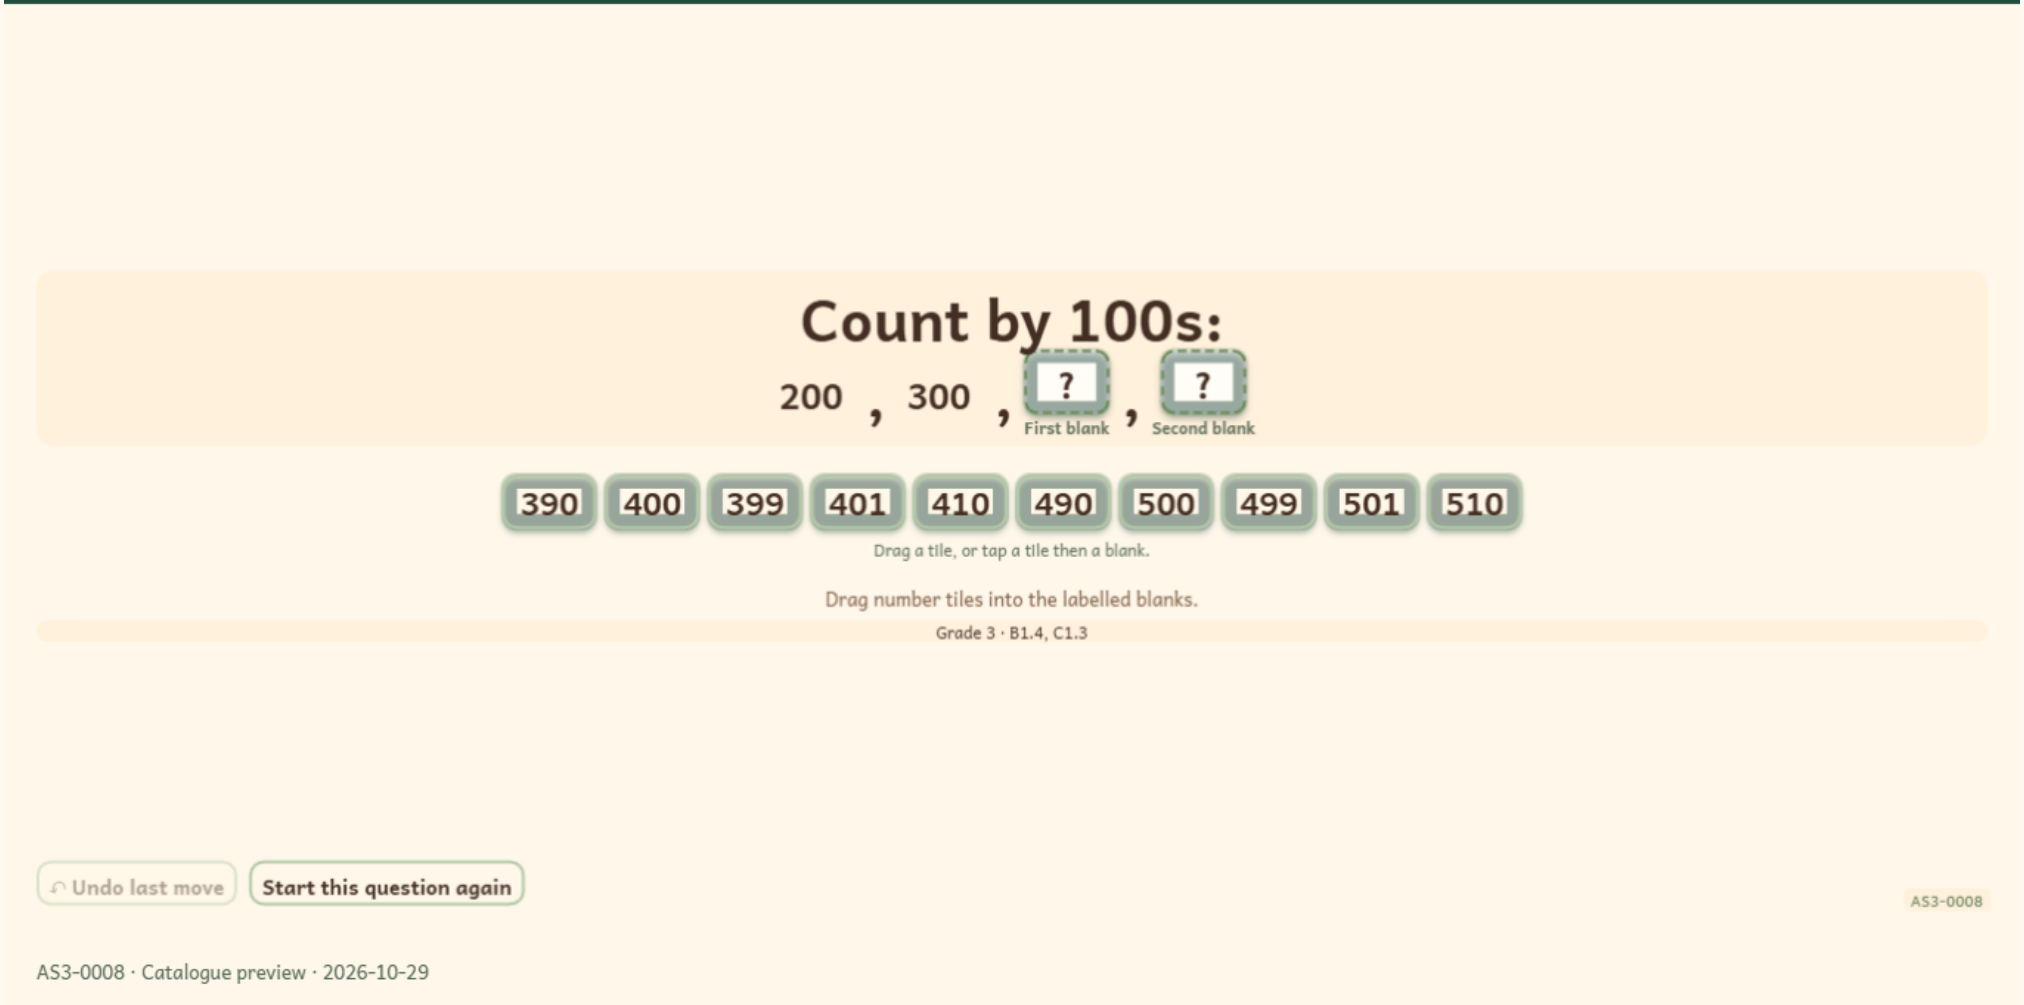

B1.4: Count through 1000 using tools and counting strategies. C1.3: Use a pattern rule to extend a pattern and identify missing elements.

Complete the number pattern

Back to index

Math Landing · Inspire · Page catalogue · AS3-0008

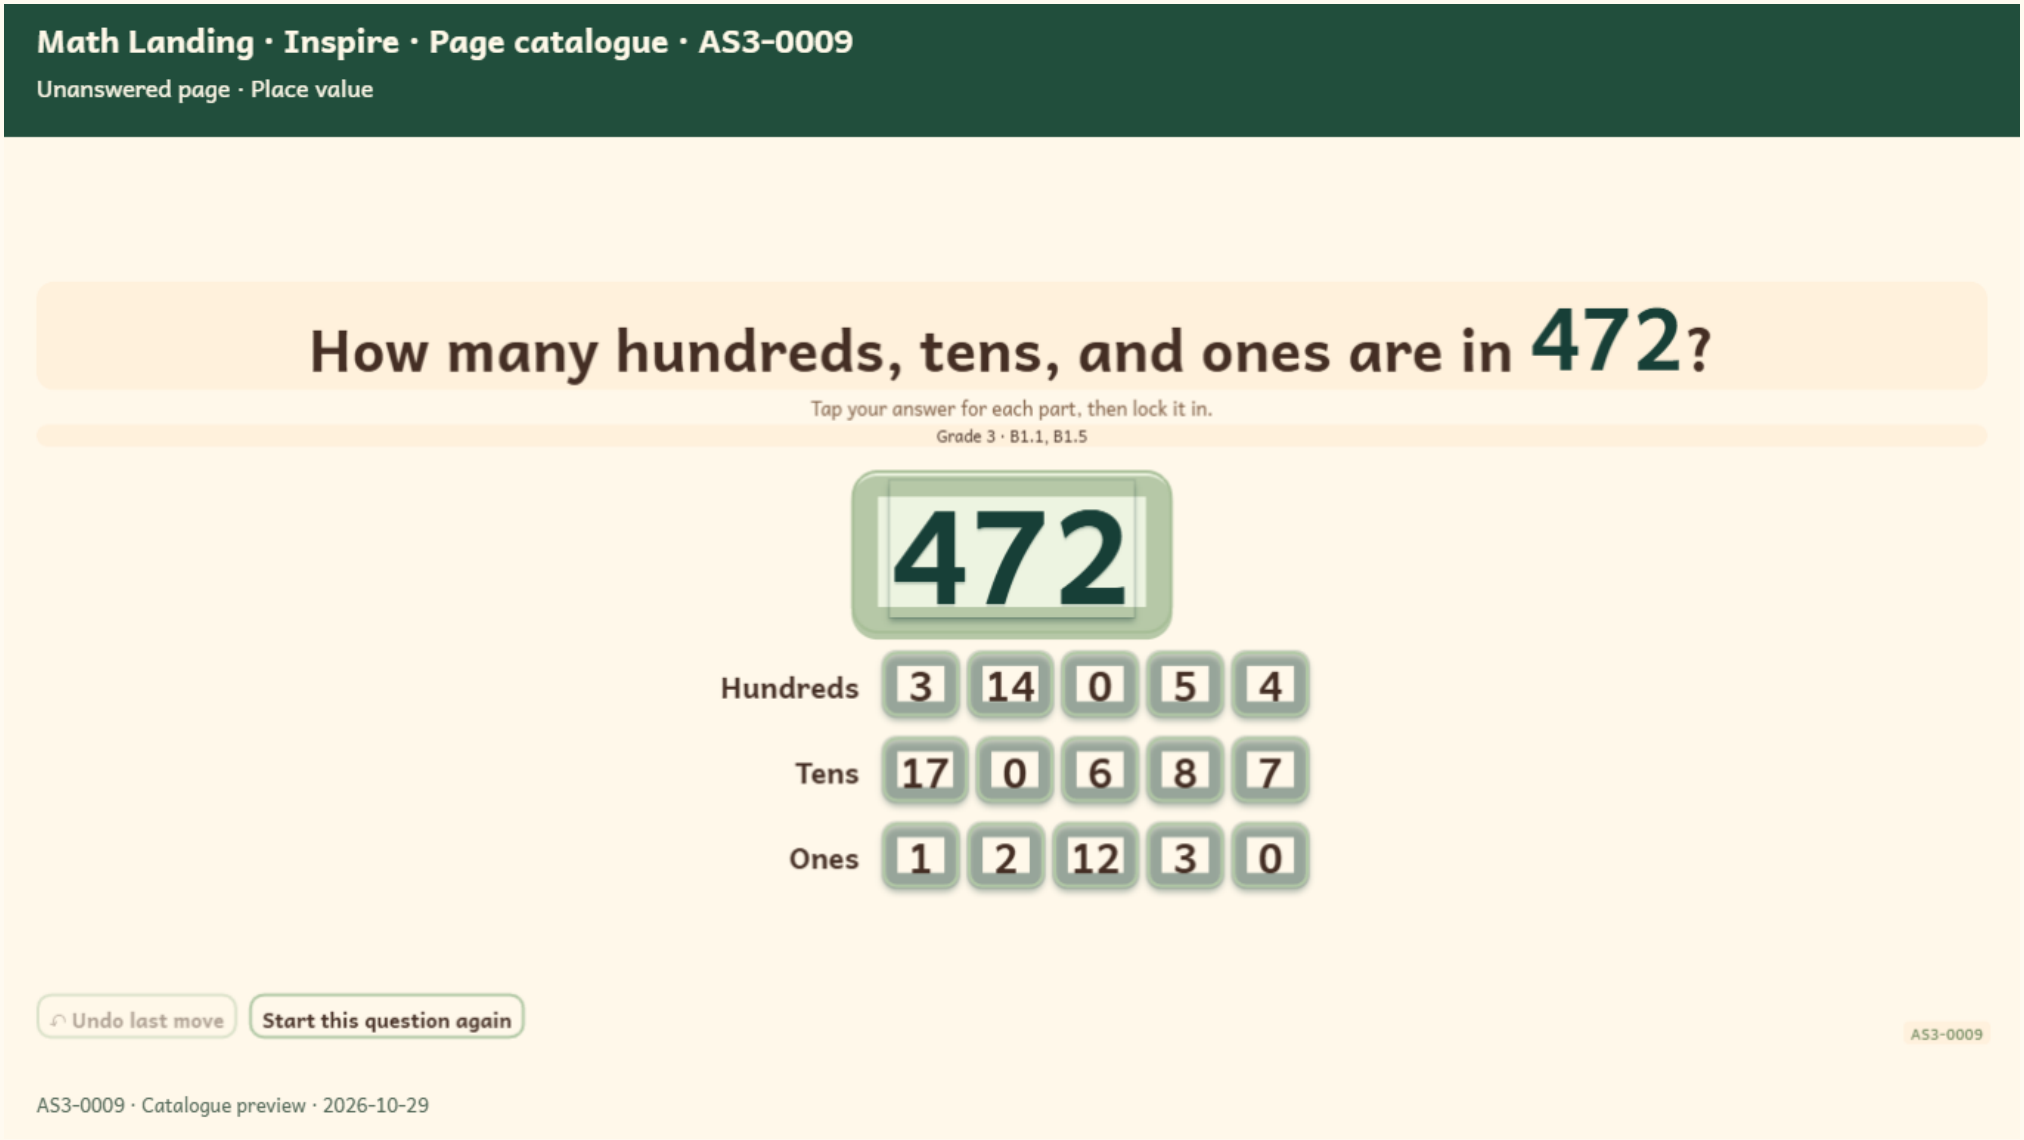

Unanswered page · Complete the number pattern

Part 2 · Question 1 · Curriculum: B1.4 / C1.3

B1.4: Count through 1000 using tools and counting strategies. C1.3: Use a pattern rule to extend a pattern and identify missing elements.

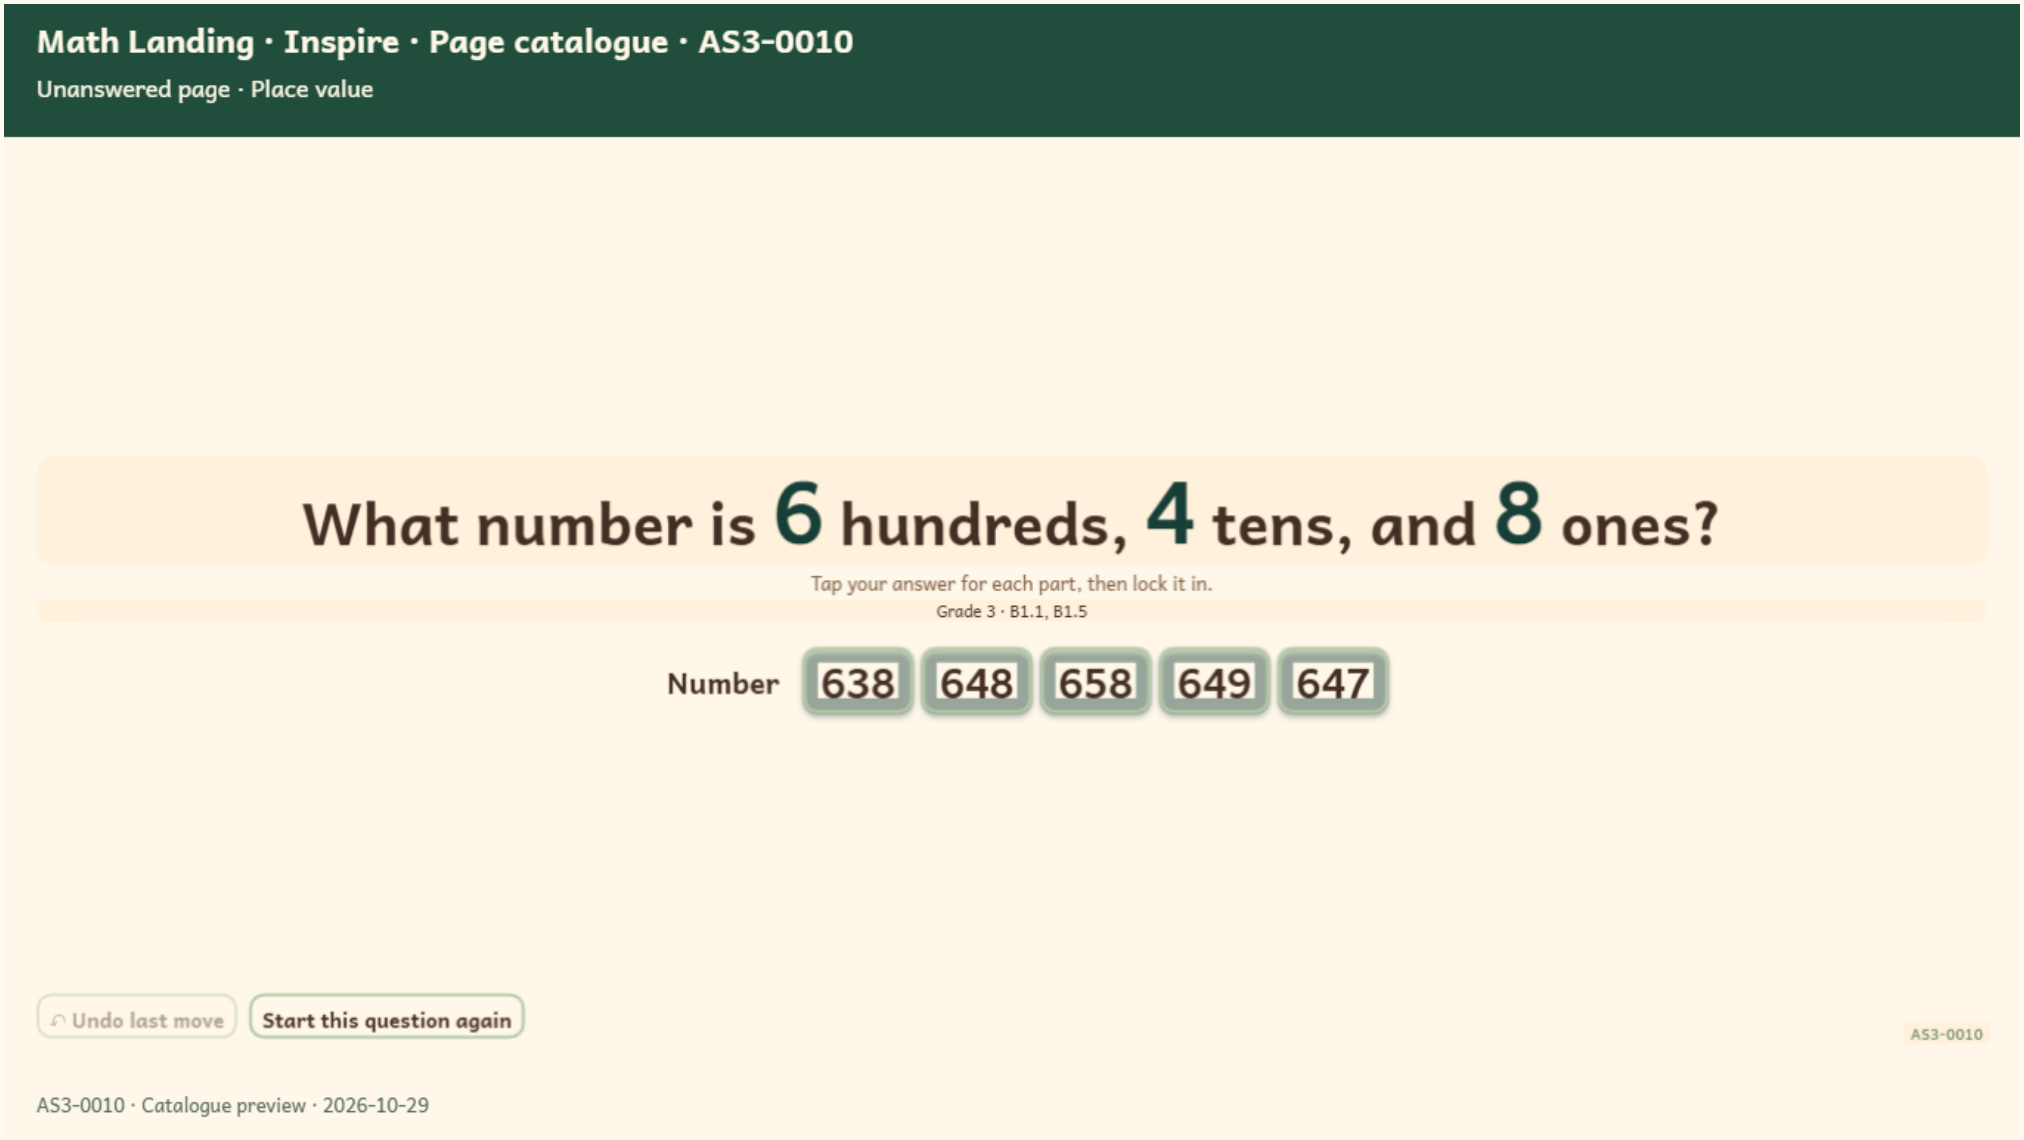

Place value

Part 2 · Question 2 · Curriculum: B1.1 / B1.5

B1.1: Read, represent, compose and decompose whole numbers through 1000. B1.5: Use place value to describe and represent multi-digit numbers.

Place value

Part 2 · Question 3 · Curriculum: B1.1 / B1.5

B1.1: Read, represent, compose and decompose whole numbers through 1000. B1.5: Use place value to describe and represent multi-digit numbers.

Fill boxes with toy cars

Back to index

Math Landing · Inspire · Page catalogue · OP3-0025

Unanswered page · Fill boxes with toy cars

Make 5 boxes with 8 toy cars in each. How many altogether?

Grade 3 · B2.6 · Build the requested number of equal groups, show the cars in each group, and find the total.

Groups – 0 +

In each group – 0 +

Add groups, then add the toy cars.

My model: 0 × 0 = 0

Your answer 30 40 41 39 50

Part 3 · Question 10 · Curriculum: B2.6

B2.6: Represent multiplication up to 10 × 10 using tools, drawings and arrays.

Compose, decompose and round 728

Math Landing · Inspire · Page catalogue · NS3-0860

Unanswered page · Compose, decompose and round 728

NS3-0860 · Catalogue preview · 2026-10-29

Part 3 · Question 11 · Curriculum: B1.1 / B1.5 / B1.3

B1.1: Read, represent, compose and decompose whole numbers through 1000. B1.5: Use place value to describe and represent multidigit numbers. B1.3: Round whole numbers to the nearest ten or hundred.

Read and represent numbers

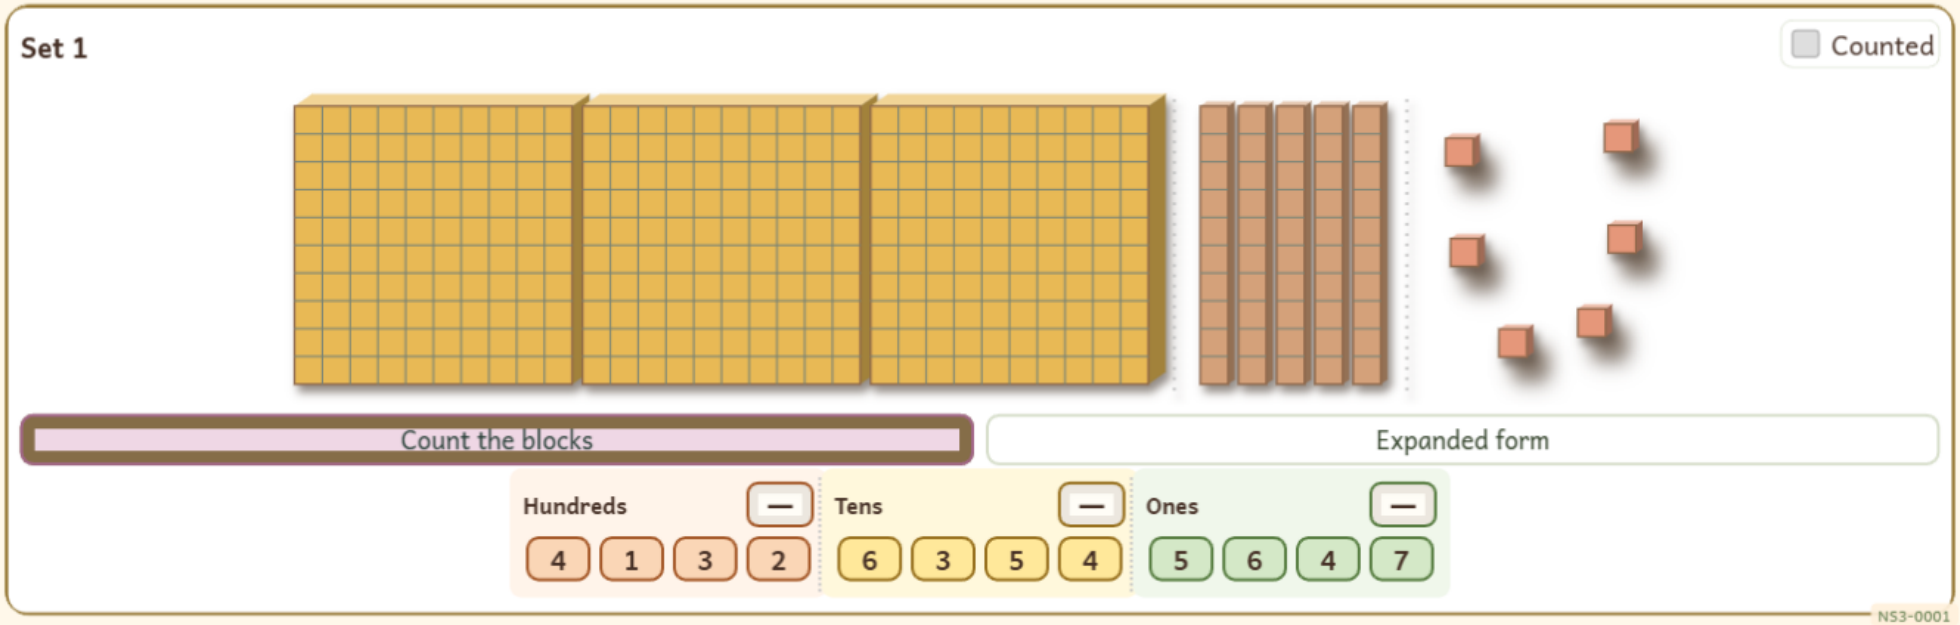

Math Landing · Inspire · Page catalogue · NS3-0001

Unanswered page · Read and represent numbers

Grade 3 · B1.1 / B1.5 · I can count base-ten blocks and write the number in expanded form.

Count this block set. Choose the hundreds, tens, ones, whole number and expanded form.

Count the hundreds, tens and ones. Choose each count, then choose the whole number and the value of each place in the sum.

NS3-0001 · Catalogue preview · 2026-10-29

Part 3 · Question 12 · Curriculum: B1.1 / B1.5

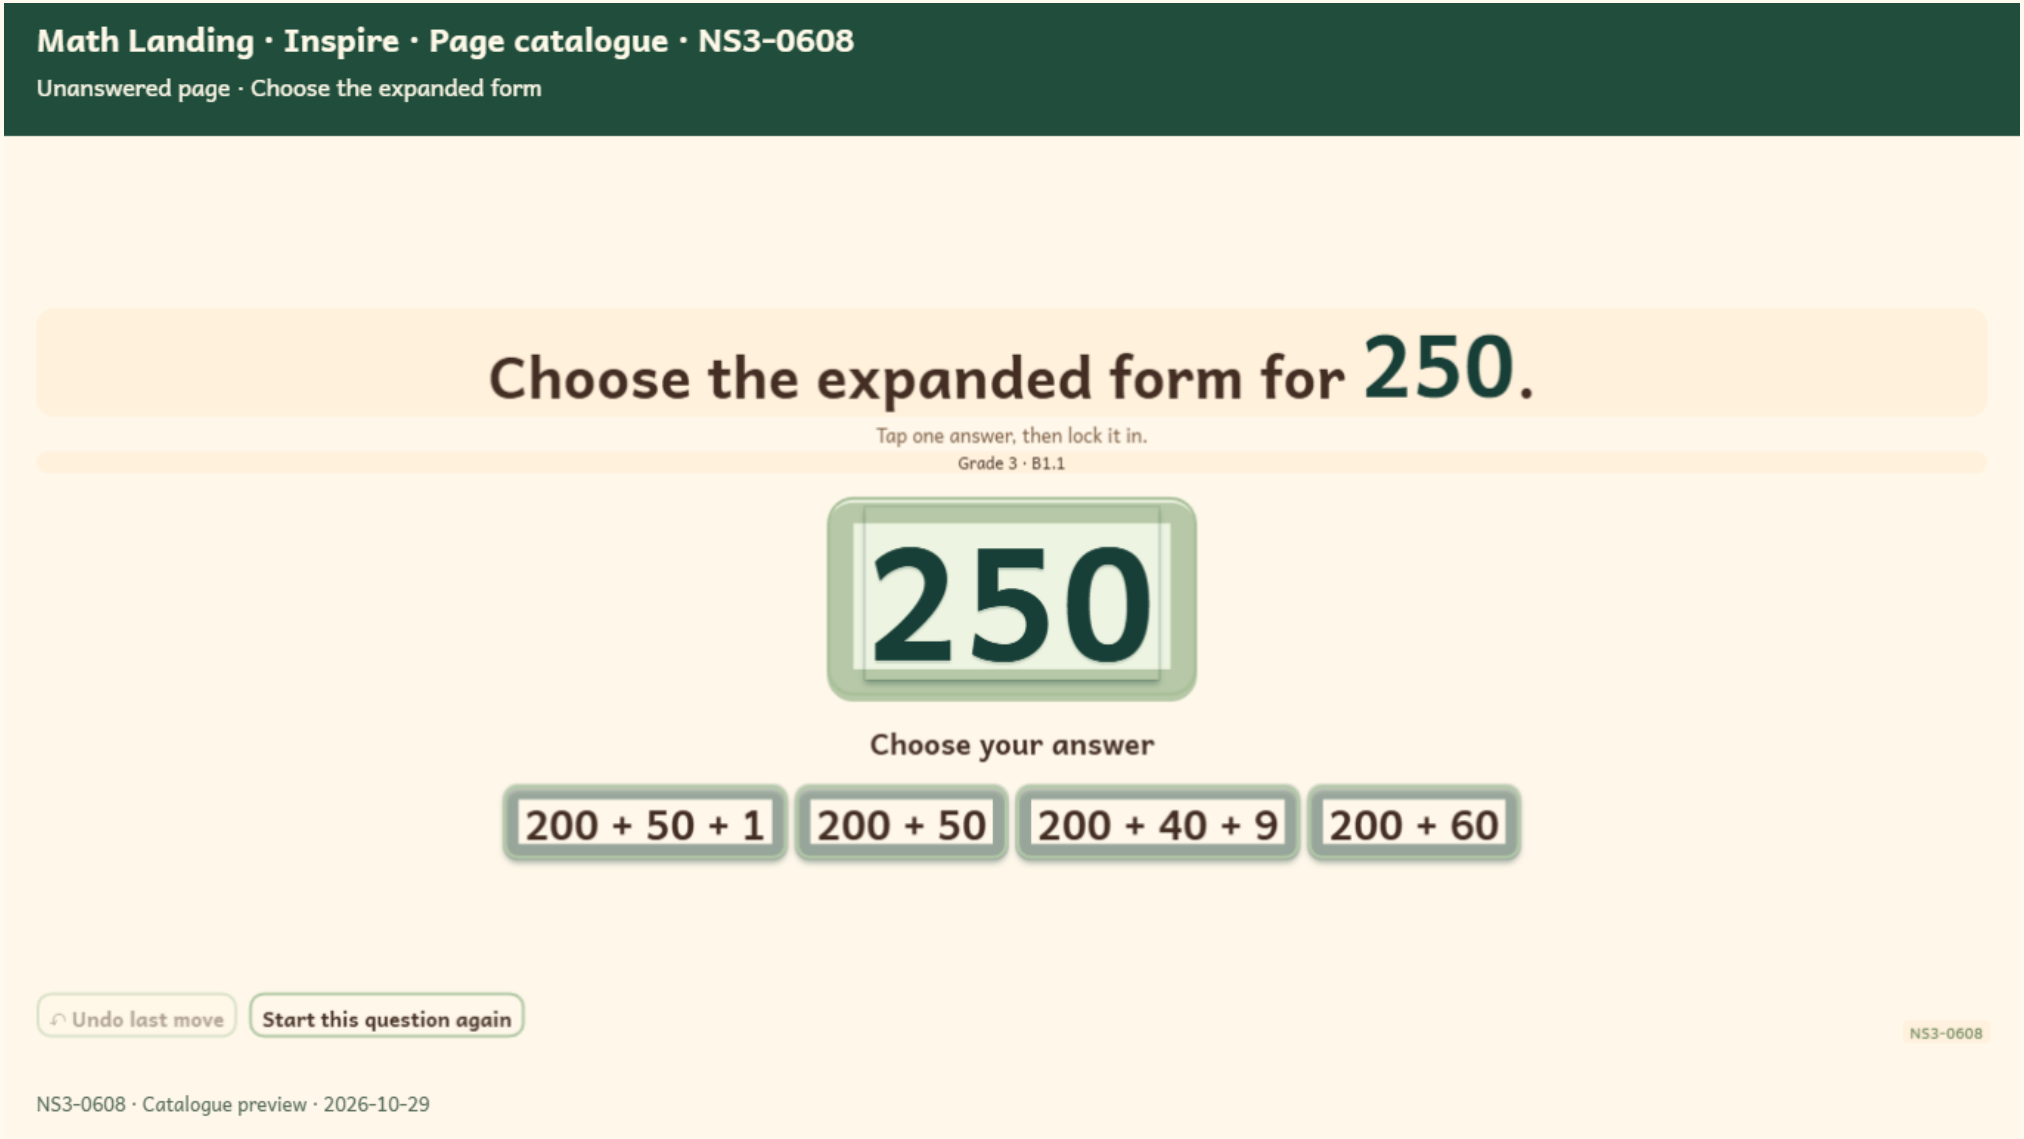

B1.1: Represent and compose numbers through 1000; break them into useful parts. B1.5: Explain and model the value of each digit in a multidigit number.

Choose the expanded form

Back to index

Math Landing · Inspire · Page catalogue · NS3-0608

Unanswered page · Choose the expanded form

Part 4 · Question 1 · Curriculum: B1.1

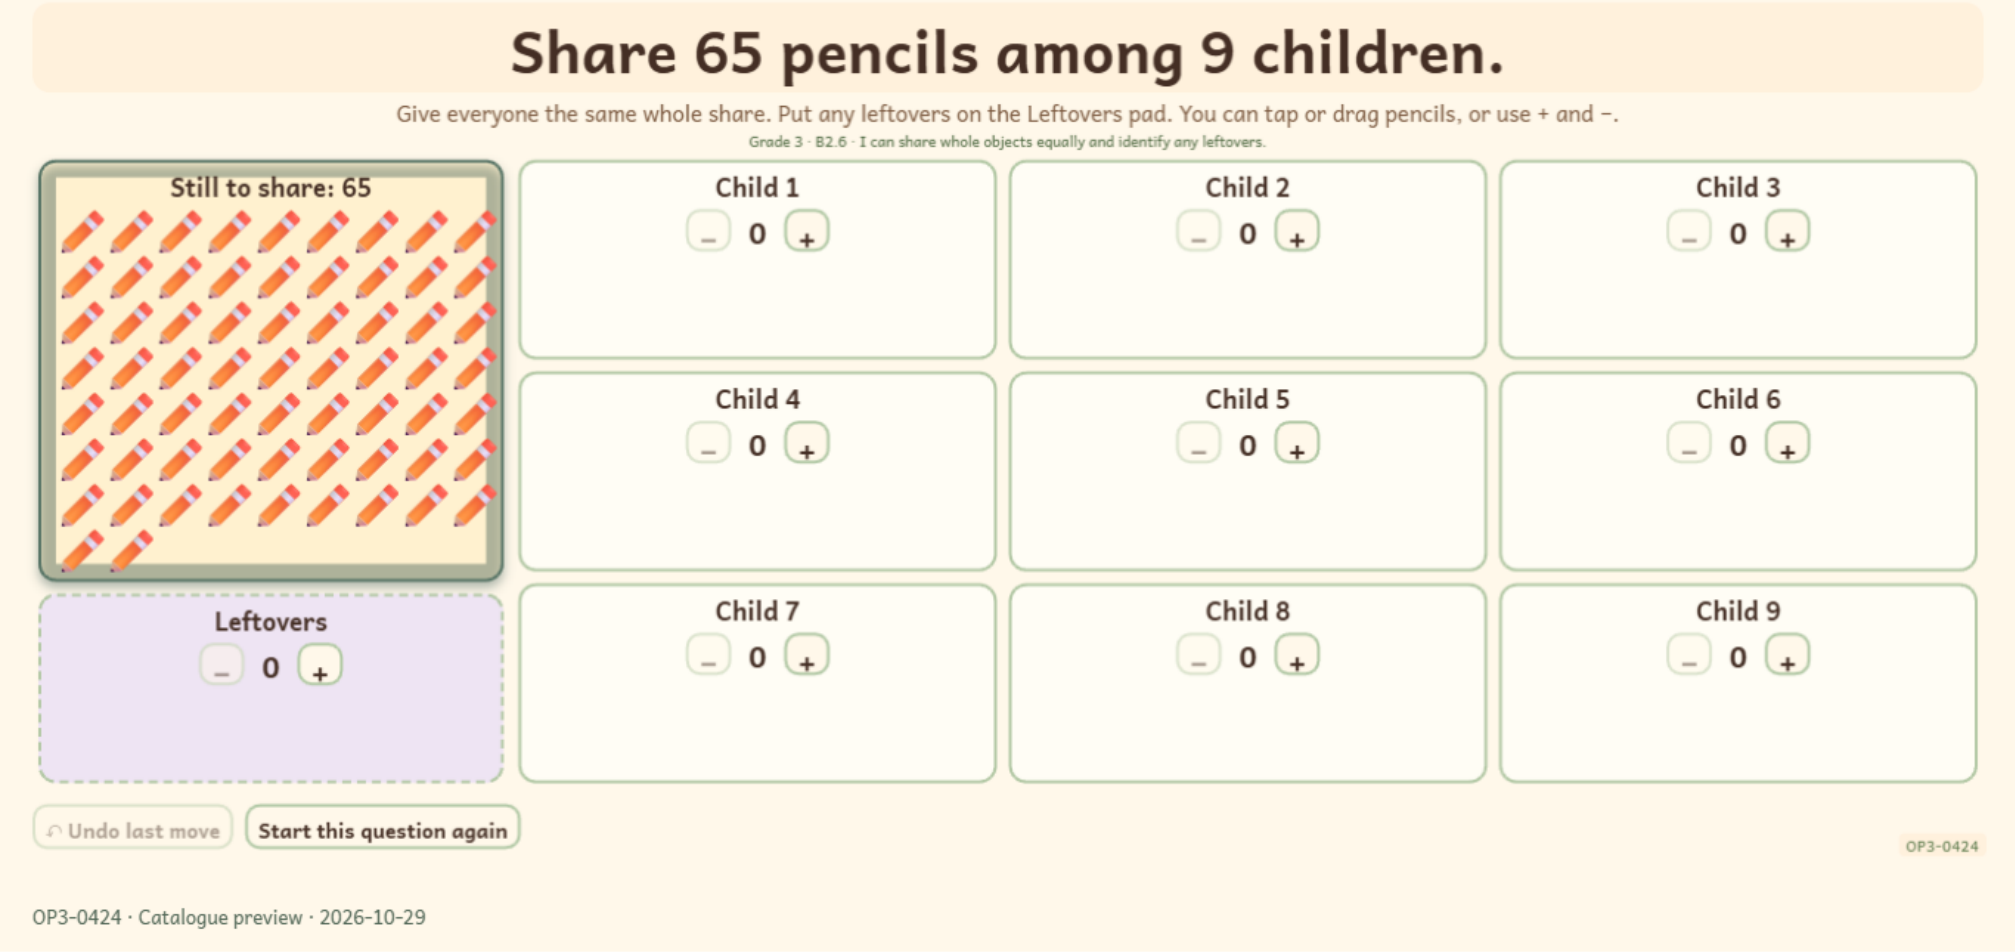

B1.1: Read, represent, compose and decompose whole numbers through 1000 using tools and strategies.

Share the pencils fairly

Back to index

Math Landing · Inspire · Page catalogue · OP3-0424

Unanswered page · Share the pencils fairly

OP3-0424 · Catalogue preview · 2026-10-29

Part 4 · Question 2 · Curriculum: B2.6

B2.6: Represent multiplication through 10 × 10 and division through 100 ÷ 10, using tools and drawings.

Subtract with jumps: 912 − 225

Back to index

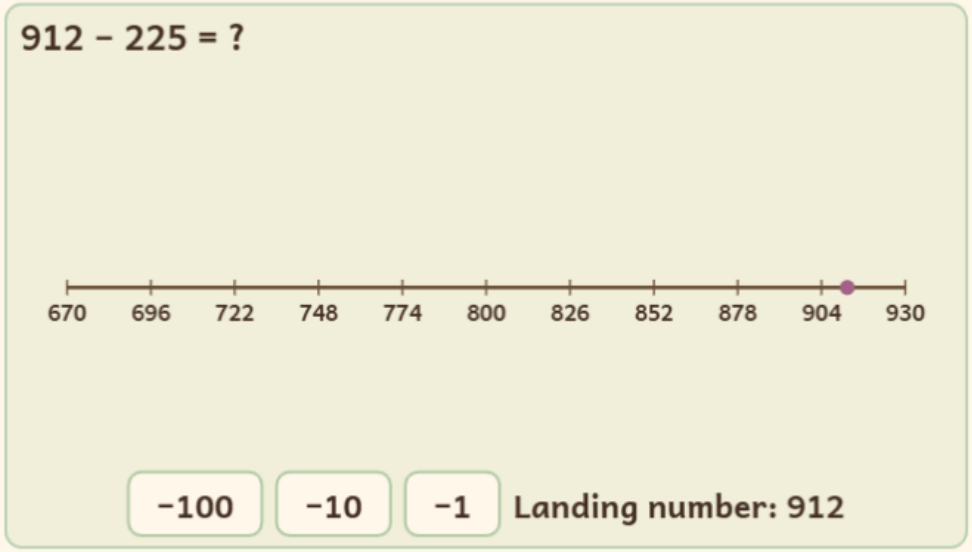

Math Landing · Inspire · Page catalogue · OP3-0302

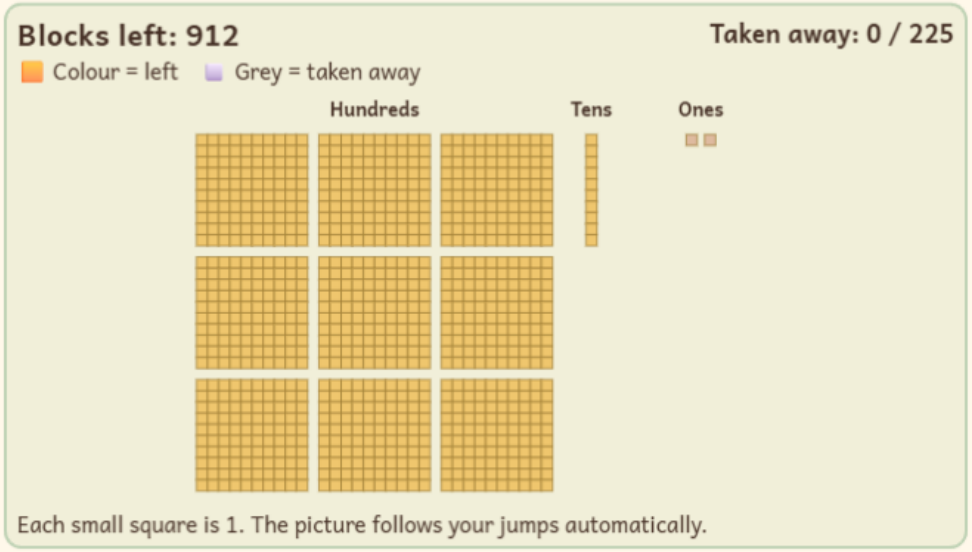

Unanswered page · Subtract with jumps: 912 − 225

912 − 225 = ?

Choose backward jumps. You can undo a jump. Choose your final answer, then lock it in.

Grade 3 · B2.5 · I can subtract by breaking a number into jumps on a number line.

Your answer 688 686 697 677 687

Undo last move | Start this question again
