Recorded score: 3 / 3

1 of 1 questions submitted

Assessment complete

1. Colour the amount left — 3 / 3

NS3-0015

Saved work

Task: 718 − 235 = ?

Learning goal: I can subtract across place values using blocks. B2.5, B1.5

Curriculum expectations: B2.5: Model and solve addition or subtraction situations with totals through 1000. B1.5: Explain and model the value of each digit in a multidigit number.

Answer: 483 Block work: Coloured amount: 483 Hundred exchanged: Yes Exchanges: Ungroup on landing pad (1 time(s))

Demonstrated on this task

Next step: Ask your child how exchanging one block for ten smaller blocks keeps its value.

Each answer or model earns one point. Exchange and different-model points apply where specified. Pending marks need teacher review. Block movement is recorded separately.
